POPULAR SCIENCE.
THE SCIENTIFIC AMERICAN
 TO BE GREATLY ENLARGED.

THIS widely circulated and Popular Journal of the
 Industrial Arts and Sciences enters its twenty-
 second year on the 1st of January next, and the
 Publishers propose to signalize the occasion by en-
 larging it to the size of the most costly Scientific
 Journals of Great Britain, without, however, in-
 creasing the subscription price.

It is almost superfluous to speak of the great value
 of this Popular and Useful Journal to all classes, and
 especially to Mechanics, Manufacturers, Inventors,
 Engineers, Chemists, Agriculturists, and all who love
 to read of the wonderful progress which now marks
 every department of Mechanical Engineering and the
 Industrial Arts and Sciences generally.

The Editorial department is very ably conducted,
 and many of the best writers in this country and
 Europe are contributors to its pages. Many of the
 articles have the charm of romance about them, and
 inspire the mind with noble ideas.

The Scientific American has the largest circulation
 of any similar journal in existence, but it ought to
 have a million of readers in this growing country.

The engravings of New Inventions, Tools, Imple-
 ments for the Farm, Workshop and Household are
 very numerous and are splendidly executed by the
 best artists in the world. This feature of the paper is
 very striking, and has won the praise of the united
 press of this country and Europe.

Another feature peculiar to the Scientific American
 is the official publication of every Patent granted by
 the Government Patent Office. Each number con-
 tains the weekly issue of Patent Claims, with copious
 notices of new inventions, together with Reviews of
 Foreign Inventions and Discoveries in every depart-
 ment of Science.

Whoever reads the Scientific American is instructed
 and entertained, without being bothered with hard
 words and dry details.

The American and European Patent Offices, in con-
 nection with the Scientific American, form an immense
 Museum of Mechanical Novelties, which furnish con-
 stant employment to a large corps of Scientific
 Examiners who prepare drawings and specifications
 for Patents.

This firm is no doubt the most extensive in the
 world.

Now is the time to send in subscriptions to the
 Scientific American, so as to begin with the new
 volume.

The numbers for a year make up a splendidly
 illustrated volume of 32 pages. Terms:—\$3 per
 annum; \$1.50 for six months; \$1 for four months;
 Clubs of ten and upward, \$2.50 each; Canadian sub-
 scribers, \$3.25 per annum, always in advance. Spec-
 imen numbers sent free; also, a pamphlet of advice to
 inventors. Address

MUNN & CO.,
 No. 37 Park Row, New York City.

CAMERON & ROSS,
COMMISSION MERCHANTS,
 443 Commissioners Street, Montreal, would
 announce to Country Merchants and Traders gener-
 ally, that they are regularly receiving and selling on
 Commission all kinds of Country Produce, such as
 Grain, Flour, Pork, Butter, Pot and Pearl Ashes,
 Leather, Wool Hides, Flax Seed, &c. Also, purchas-
 ing Dry Goods, Groceries, Hardware, and General
 Merchandise.

Cash advances made, or Drafts accepted for two-
 thirds value of consignment when bill of lading is
 attached, or three-fourths value remitted in cash on
 arrival of goods.
 1-ly

CAMERON & ROSS.

At a Council held in the City of Montreal, on Saturday,
 the 8th day of December, 1866.

PRESENT:
 HIS EXCELLENCY THE GOVERNOR GENERAL
 IN COUNCIL.

WHEREAS it has been represented to the Governor
 General in Council that much inconvenience has
 been, and is experienced by certain of the inhabitants
 of this Province residing in the vicinity of the Cana-
 dian Frontier line, by reason of their being deprived
 of the privilege heretofore enjoyed by them of having
 their grain produce ground at Mills situate on the
 American side of the Frontier, and re-importing the
 same into Canada free of Customs duty, in cases
 where the closer proximity of such Mills to the re-
 sidences of such inhabitants, or their greater capacity,
 made it expedient to resort to them—

Whereupon, and on the recommendation of the
 Honorable the Acting Minister of Finance, and under
 the provisions of the seventeenth chapter of the Con-
 solidated Statutes of Canada, His Excellency in
 Council has been pleased to order, and it is hereby
 ordered that any flour or meal or other produce of
 any wheat or grain grown in and taken out of this
 Province into the United States to be ground, and
 brought back into this Province within one week
 after such wheat or grain has been so taken out to be
 ground, shall be, and the same is hereby exempted
 from the payment of Customs duties: provided always
 that such grain be first duly reported outwards at the
 nearest Custom House before exportation for the
 special purpose herein referred to, and that the
 identity of the flour or meal, the produce thereof, be
 sworn to on its importation into this Province.

W. A. HIMS WORTHY,
 Asst. C. E. C.

493
 Circular No. 202. No. 35.
 FINANCE DEPARTMENT, CUSTOMS,
 Ottawa, 6th December, 1866.

Sir,
 The time fixed, by Order in Council for the free
 admission of fire arms, having expired on the 30th
 ultimo, I beg to inform you that the prohibition
 created by the Imperial Act, against the importation
 of fire arms, &c., from a foreign country, revives, and
 you are therefore to govern yourself, from the above
 mentioned date, by the instructions conveyed to you
 in my Circular of the 12th January last. Arms and
 munitions of war imported otherwise than from Great
 Britain or the British possessions, are to be detained
 and reported to this Department, to be dealt with as
 you may be further instructed.

I am,
 Sir,
 Your obedient servant,
 R. S. M. BOUCHETTE.
 The Collector of Customs. 493
