A number of the members of Newington

Rev. G. M. McGregor, of Aberdeen, Scot-  
land, one of the best known clergymen of  
the Scotch Free Church, has accepted a call  
to the pastorate of Dwight L. Moody's church  
in Chicago. No contract has been signed  
because of the alien contract labor law.

Rev. Dr. Donald Macleod, speaking at the  
opening of Lawn Street Mission Hall of  
Paisley Abbey, said he did not like this sepa-  
ration between the churches and the mission  
halls, as he wished the poorest man to feel  
the same interest in the church as the rich  
man.

Rev. Dr. Stalker delivered a lecture on  
Burns last week, under the auspices of  
Hutchesontown guild, in Queen's-park United  
Presbyterian church hall, Mr. D. S. Salmond  
rendering several songs in illustration of it.  
The lecturer treated the poet with appreciation  
and discrimination.

Sundays.

Rev. Principal Fairbairn, D.D., of Mans-  
field college, Oxford, is delivering in Aberdeen  
University the second course of his Gifford  
lectures, the subject being the philosophy of  
religion. In his first lecture he defined his  
subject as a scientific or intelligent inquiry in-  
to religions—an attempt at a scientific ex-  
planation of their origin, their growth, their  
evolution, their achievements, their ends.

mend it to take away that feeling of oppression  
and over-fullness. Read testimonials, and try

Recently 166 descendants of the Walden-  
ses, who bore such severe persecution in  
Europe in the middle ages, arrived in this  
country. They came from the Piedmont  
region in Italy, to settle on the Waldensian  
land near Asheville, N.C., where a colony  
has been established.

Professor Oppert has found 'Xerxes' to be  
the King Ahasuerus, of the book of Esther;  
and shown the language to be true Persian;  
has read a cuneiform tablet with a reference  
to the drunken king's grand banquet; and  
believes the book to be historical. The higher  
critics will please revise their data again.

Several of the churches of Chicago have  
been opened and heated to furnish a place  
for the unsheltered hundreds of that city to  
sleep. The lodging houses, and police sta-  
tions failed to accommodate all the homeless,  
and several hundreds had slept on the cold  
stone floor of the city hall during the first  
night of severe weather.

Glasgow U.P. Presbytery, after a long dis-  
cussion of their disestablishment committee's  
report, which recommended important chan-

immediate disendowment, have carried by a  
considerable majority a motion by Rev. Mr.  
Dickie in favour of a Government measure on  
the lines of that bill to be introduced on an  
early date and resolutely carried forward.

The Bishop of Bangor invites the Calvin-  
istic Methodists to return to the church. He  
offers to retain for them their chapels  
as mission halls, but would take  
from them their practice of the com-  
munion, which would have to be in  
the parish church, and impose upon them the  
Episcopal form of government. But Welsh  
Nonconformists would hardly assent to the  
reducing of their ministers to lay evangelists.

remedy for catarrh is vouched for by thousands  
of people whom it has cured.

The Ven. Archdeacon of Armagh (Rev.  
Dr. Meade) was on Tuesday elected Bishop  
of Armagh. Dr. Meade is an extremely able  
and popular man, and will, we have no doubt,  
maintain with success the dignity of the high  
position to which he has been called. His  
election became necessary before the election  
of a Primate, because the latter is chosen by  
the full house of bishops, and until the  
Armagh See was filled there was one vacancy.

### "ROCK ME TO SLEEP, MOTHER."

The poem, "Rock me to sleep, Mother,"  
was written by Elizabeth Akers Allen, known  
otherwise as "Florence Percy." It is a gener-  
al favorite, for it is a sweet little touch of home  
life. But there is another side to the picture.  
Many a mother rocks her child to sleep who  
can neither rest nor sleep herself. She is always  
tired, has an everlasting backache, is low  
spirited, weary, nervous and all that. Thanks  
be, she can be cured. Dr. Pierce's Favorite  
Prescription will do the work. There is nothing  
on earth like it, for the "complaints" to  
which the sex are liable. Guaranteed to give  
satisfaction in every case or money returned.

Dr. Pierce's Pellets are specific for bilious-  
ness, headaches, constipation, piles, and kin-  
dred ailments.

Liverpool of all the cities is perhaps the  
one where a league for the prohibition of the  
sale of intoxicating liquors to children should  
find its home. Hundreds of photographs  
have been taken in the slums and elsewhere  
of children going to and coming from the  
public-house. "Snap-shots" have actually  
been secured of children in the act of tasting  
the contents of the bottles, etc., and sucking  
sweets given them by the publicans as an in-  
ducement of such trade. And police records  
undeniably prove that hundreds of these little  
ones are "arrested" annually for being  
drunk.

Messrs. Lawson & Wilson, the well known  
manufacturing stationers, Toronto, Ont.,  
write, under date of Sept. 25th, 1893: "We  
highly recommend St. Jacobs Oil, having used  
it in our factory, and personally, with highly  
gratifying success in every case. We always  
take pleasure in recommending it to anybody  
requiring a first-class article."

The sermon preached by his minister,  
Rev. F. H. Georgeson, St. James, Glasgow,  
on the Sunday after the funeral of Sir Michael  
Connel, has been published by request

It is an unusually able sermon from

## Saved Her Life.

Mrs. C. J. WOOLDRIDGE, of Wortham,  
Texas, saved the life of her child by the  
use of Ayer's Cherry Pectoral.

"One of my children had Croup. The  
case was attended by our physician, and was  
supposed to be well under control. One  
night I was startled by the child's hard  
breathing, and on going to it found it strug-  
gling. It had nearly ceased to breathe.  
Realizing that the child's alarming condition  
had become possible in spite of the medicines  
given, I reasoned that such remedies would  
be of no avail. Having part of a bottle of  
Ayer's Cherry Pectoral in the house, I gave  
the child three doses, at short intervals, and  
anxiously waited results. From the moment  
the Pectoral was given, the child's breathing  
grew easier, and, in a short time, she was  
sleeping quietly and breathing naturally.  
The child is alive and well to-day, and I do  
not hesitate to say that Ayer's Cherry Pec-  
toral saved her life."

### Minard's Liniment Cures Dandruff.

the well-known text—"David, after he had  
served his own generation by the will of God,  
fell on sleep." A good man should serve—  
there are limits to the extent of his service—  
his generation, and Christian service is a  
present service, his own generation—thus Mr.  
Georgeson speaks of the life and work of Sir  
Michael. The tribute here paid to his mem-  
ory is well worthy of preservation.

In a sermon preached by Rev. Robert  
Collyer on his seventieth birthday, that ven-  
erable minister said: "The dream of three-  
score years and ten has come true, and dur-  
ing all that time I have never been absent from  
my pulpit on a single Sunday from sickness,  
and I have never been sick in bed one day in  
my life. I would not exchange my lot with  
any human creature I know. Nor would I  
have chosen any other seventy years for my  
life. None of the great eras of the past would  
I have exchanged for this present one. There  
is none so beautiful in the way of great accom-  
plishment. I am glad to look back on all  
the years; glad that I was born in the good  
mother land, England, and glad that I was  
born again in this beautiful America."

### TAKE - NOTICE.

During the year the space devoted to ad-  
vertising MINARD'S LINIMENT will con-  
tain expressions of no uncertain sound from  
people who speak from personal experience as  
to the merits of this best of Household Rem-  
edies.
