

church debt. The response to this appeal had been most hearty and liberal, and the result most creditable. In response to an appeal, the people in addition gave \$1,000 for that purpose this year. The balance left will not prove much of a burden to a willing and working congregation such as this, who are highly to be congratulated on their endeavor to maintain the ordinances of religion, and to disseminate the truth as it is in Jesus in the Province of Quebec.

ORANGEVILLE: This Presbytery met at Orangeville Nov. 12. Mr. Farquharson, Moderator in the chair. Dr. McRobbie reported that the Assembly's Augmentation Committee had appointed one of its members to visit this Presbytery, and that, henceforth, reports from Augmented congregations would be required in fall instead of spring. \$1,200.00 is the amount asked from the Presbytery for Home Mission purposes and arrangements were made for allocating it among the congregations. Mr. McKenzie reported anent a Presbyterial Conference recommending the following subjects for consideration, viz.:— 1. Whose children should be baptized? To be introduced by Mr. Croll. 2. The proper attitude of the Church in relation to amusements. To be introduced by Mr. Steele. 3. Temperance. To be introduced by Mr. Harrison. The first subject to be considered at the January meeting and the other two at the one in March. Mr. McKenzie intimated his intention of visiting the Holy Land, and as he expected to be absent about six months, he tendered his resignation of the pastoral charge of Orangeville congregation. An adjourned meeting of Presbytery will be held at Orangeville, Dec. 5th, at 1 p.m. to consider the resignation. Mr. Bell reported anent Young People's Societies and recommended that all of them within the bounds be organized into a Presbyterial Society. The Presbytery authorized the Committee to call a convention of said societies, and of representatives of congregations in which there is no such society, to unite the forces of the young people of the Presbytery—said convention to be held the day following the January meeting of Presbytery. The Committee was instructed to prepare a form of constitution to be submitted to the Presbytery at said meeting.—H. CROZIER, Clerk.

ADVANTAGES UNDER INVESTMENT CONTRACTS

A great variety of plans of insurance on the tontine and semi-tontine systems, under various names, have been introduced by life insurance companies operating in Canada and elsewhere, but there are none containing the special advantages offered under the compound investment and investment annuity plans of the 7 per cent guaranteed income bond of the North American Life Assurance Company of Toronto, Ontario. A compound investment policy may be secured by the applicant therefor, who can select a period of fifteen or twenty years, and, in the event of his death during the first ten years, the full amount of the policy is payable; if death occurs after that, and within the investment period, there is payable, in addition, a mortuary dividend of the eleventh and subsequent premiums paid thereon. An additional feature under this valuable contract is that after the policy has existed for ten years the company will, if desired, loan the insured the remaining annual premiums as they mature, in order that the policy may be kept in force until the completion of the investment period, simply requiring the payment of current interest on the premiums so loaned.

The investment annuity contract provides for the payment of the face of the policy in 20 or 25 equal annual instalments in the event of death. A much lower rate of premium is chargeable on this than on the regular plans of insurance on account of the payment of the face of the policy being extended over a period of 20 or 25 years.

Under the 7 per cent guaranteed income bond, which can be secured by the payment of fifteen or twenty annual premiums, the insured is guaranteed an annual income of 7 per cent, should he survive the term named in the bond, in addition to which several other valuable options can be selected.

For further particulars and pamphlets explanatory of the above-named plans, apply to Wm. McCabe, F.I.A., Managing Director North American Life Assurance Company, 22 to 28 King Street West, Toronto, Ont., or to any of the company's agents.

Hungary is undergoing a revolution. The civil marriage law, in force for the past month, removes burdensome restrictions, and bills are now on the way to enactment which will give perfect religious liberty.

Nervous Prostration

It is now a well established fact in medical science that nervousness is due to impure blood. Therefore the true way to cure nervousness is by purifying and enriching the blood. The great blood purifier is Hood's Sarsaparilla. Read this letter:

"For the last two years I have been a great sufferer with nervous prostration and palpitation of the heart. I was weak in my limbs and had smothered sensations. At last my physician advised me to try Hood's Sarsaparilla which I did, and I am happy to say that I am now strong and well. I am still using Hood's Sarsaparilla and would not be without it. I recommend it to all who are suffering with nervous prostration and palpitation of the heart." Mrs. DALTON, 66 Alice St., Toronto, Ontario. Get Hood's, because
