CALOX

THE OXYGEN
TOOTH POWDER

TO WHITEN THE TEETH

The only substance known that will
really whiten the teeth without injury
to them or the gums is peroxide of
hydrogen. That's what you get when
Calox is mixed with water and that's
why Calox is so immeasurably superior
to all other dentifrices.

"The Oxygen Does It"

*Dentists advise its use.
Physicians prescribe it.*
