The users of the Kelsey system smile. Do you?

A DOLLAR SAVED IS A DOLLAR EARNED.

The Kelsey Warm Air Generator

Saves money for you, therefore Earns it.

We would like to send our booklet to you explaining the greater heating surface which this generator has over any other make, and how by installing it you can cut down your coal bill 30%.

Heating the air in the house over and over again by Hot Water, Steam, or Stove heating causes headaches and colds by insufficient ventilation.

The KELSEY SYSTEM brings in fresh air, heats it and distributes it to the different rooms of the house. Thus ensuring a supply of *fresh* warm air all the time.

Let us show you not only the saving but the many advantages as well of installing the KELSEY SYSTEM for you.

A postal card will bring our booklet.
