### The HARBERT TELEPHONE

This instrument, represented in the above cut, is  
the latest patent for telephonic speaking. There is  
no battery, consequently attention and repairing are  
reduced to a minimum—in fact it will last for years  
without any repairing whatever. It is admirably  
adapted for large buildings, being much superior to  
tubing, as well as cheaper and more convenient.  
These Telephones are only \$12 for a set of two, put  
up ready for use. Address,
