6 Per Cent. and Safe

Don't be satisfied with 3 per cent. interest when you can put your money out to work where it will earn 6 per cent., and be safe, too.

We have in mind two particularly attractive 6 per cent. Bonds—in both instances the principal is amply secured, the Companies issuing them have an exceptionally well established business, the earnings are showing good increases over previous years and are much more than the amount necessary to pay the interest on the bond issues.

Drop us a line, just say, "Give me particulars of the 6 per cent. Securities mentioned in your advertisement in The Monetary Times," and we will tell you why they are safe, and a lot of other information you should know about them.
