Mercantile Summary.

An ice bridge has formed opposite Montreal.
SMITHS Falls is to have a market, and Tues-
days and Fridays are to be market days.

THE Glass-Joy embezzlement case is still be-
fore the Montreal court.

THE steamer Northern Light, built for winter
navigation in the Gulf, has been frozen in.

THE appeal case of Mr. Cotte, late of the
Jacques Cartier Bank, has been postponed till
next session.

THE East River, N.S., has been dredged
till there is eight feet at low water and fourteen
feet at high water in the channel. New Glas-
gow and the coal trade rejoice thereat.

IN February last proceedings in insolvency
were taken against the Midland General Manu-
facturing Co., of Port Hope, but the company
were able to prove their claim to be considered
solvent, and obtained an extension of six and
nine months; assets being about \$40,000 and
liabilities about \$18,000. Within a few days,
however, another writ has been issued against
them, and we believe the company is now in
bankruptcy.

A FIRM of stone and marble dealers, in writing
to us upon certain irregularities which harass
their trade, conclude as follows: "We trust
you will continue to cry down the long credit
system. We find it the one great drawback of
our trade, and it is not confined altogether to
the retail dealers, for wholesale men here, in
some lines, give almost any time their custo-
mers want. For instance, a dealer in Chatham
was induced to buy two car-loads of marble by
getting two and three years time, without inter-
est. This could not be done if the banks did
not carry such "wholesale" men along, and
we cannot blame the retail men for buying, so
much as the parties who enable a man to float
such paper. We could not give any such time
and pay 100 cents."
