

THE CELEBRATED  
**"ECONOMY" Scotch Wrought Steel Plate Furnaces.**

◆ The acme of perfection in Sanitary Heating. ◆

Indorsed by the medical profession and sanitary authorities as the BEST and MOST FAVORABLE TO HEALTH. The "ECONOMY" does not burn the air, but reproduces the pure external atmosphere warmed only to a proper temperature for respiration. Send for descriptive catalogue, or call and examine these celebrated Furnaces; the most durable, the cheapest, the best. They burn less coal than any other Furnace made. They are absolutely free from gas or dust. They have the largest heating capacity of any Furnace manufactured. Our "ECONOMY" Combination Steam and Warm Air Furnace is peculiarly adapted to heating large buildings. We introduce pure fresh air into the building, thus overcoming the great objection to any system of steam or hot water heating. Every Furnace we put in is covered with a full guarantee to give satisfaction.

**J. F. PEASE FURNACE CO.,**  
 162, 163, 165 Queen St. East, Toronto, Ont., and Syracuse, N. Y., U. S. A.

**GURNEY**  
**HOT WATER HEATER**

Saves 30 per cent. in fuel, and is the most perfect working Boiler ever produced.

**HOT WATER HEATING**  
 FOR  
**GREEN HOUSE, PUBLIC BUILDING and PRIVATE RESIDENCE.**

We have placed over 2000 of our Boilers during the past three years, and have heard nothing but praise and satisfaction.

NOISELESS IN OPERATION,  
 NO DANGER OF EXPLOSION,  
 EVEN TEMPERATURE OF HEAT.

**A RECENT TESTIMONIAL:**

you for heating our office (during the winter). When it was being put in we frankly admit we had serious doubts if a heater which appeared so small for the duty required of it would warm the office as quickly as during the severe cold of winter. If we are pleased to say, however, that during the days of intense cold through which we have passed, our office has been really uncomformably warm, and this, too, without any forcing of the fire. The consumption of coal has been very light, and we have to express our perfect satisfaction with the heater. Yours truly,

 For sale by all the leading Fitters. Send for our book of testimonials, and illustrated description.

**"SILICOLITE," (Patent)**

A CHEAP FIRE AND WATER-PROOF ELASTIC FOR PLASTERING HOUSES.

Is not liable to crack under any strain, and requires no special preparation for painting either in oil or water color. Being a non-conductor of heat, it makes a house cooler in summer and warmer in winter, and its weight is from 15 to 20 times less than any other plastering in use. It adheres to any kind of surface, and when applied to stone or brick on outside walls will protect them against the action of frost. It is applied in the usual way of plastering, and can be highly finished on one or two coats either with the ordinary tool or with sand paper.

A. J. PIGEON, - No. 36a Richmond Square, Montreal.
