BARBER (to first comer in hand): "Shave, sir?" (To second customer): "Take a chair, sir; I shall be disen-gaged immediately." Smith (first comer, who has recognized in the glass opposite that it is that fellow Brown, his rival and enemy): "Ya as, I wish to be shaved, and—ah—then I should like my head washed-shampooed, y'know-and afterward my hair cut and-carefully curled !" THE GRAIN OF SALT.

A LADY finding a beggar-boy at her door gave him a meal of coffee, meat, and bread and butter, which he sat down in the area to eat. A moment afterward, however, he rapped beseechingly at the door again, and on its being opened remarked with his hand upon his heart, "If I had but a little salt I should be perfectly happy."

Of course he got the salt.

Human nature is always lacking something.

The great ruddy farmer pines because he has not won fame or position. The famous man longs for the lusty healthy of the sturdy farmer,

The grain of salt is wanting.

How to secure and retain the savour of health in the midst of this rushing, nervous, over-worked generation is a problem worthy of our closest attention. It cannot be done with stimulants, which but spur on the overworked nerves to fresh efforts, only to leave them more jaded and shattered. Nor with narcotics, which temporarily soothe, but to create an unnatural appetite.

It may be asked, What is the cause of this extreme nervousness, lack of appetite, lung trouble, deficient heart action, failing eyesight, apoplectical tendency, etc. We reply, poisoned blood, caused by diseased kidneys, and the troubles indicated are after all, but symptoms of advanced Kidney Disease, which is but another name for Bright's Disease. Unless remedied there will be a complete breaking down of the great blood-purifying organs, the kidneys,

and they will be excreted, piece meal, through the urine. Now, in the spring of the year, owing to the extra work which has been put upon the Kidneys and Liver, through a meat diet during the winter months, these symptoms are more pronounced, and the danger to the patient correspondingly increased. It is therefore imperative that the poisoned blood be eradicated, and that the Kidneys be put in complete health, which can be speedily and effectually accomplished by the use of Warner's Safe Cure, a tried and proved specific in hundreds of thousands of cases.

THE Duke of Norfolk heads a public invitation for contributions for a silver jubilee testimonial to Cardinal Manning.

The four greatest medical centres of the world are London, Paris. Berlin and Vienna. These cities have immense hospitals teeming with suffering humanity. Crowds of students throng the wards studying under the Professors in charge. The most renowned physicians of the world teach and practice here, and the institutions are storehouses of medical knowledge and experience. With a view of making this experience available to the publi of the Hospital Remedy Co. at great expense secured the prescriptions of these hospitals, prepared the 'specifics, and although it would cost from \$25 to \$100 to secure the attention of their distinguished originators, yet in this way their PRE-PARED SPECIFICS ARE OFFERED AT THE PRICE OF THE QUACK PATENT MEDICINES THAT FLOOD THE MARKET AND ABSURDLY CLAIM TO CURE EVERY ILL FROM A SINGLE BOTTLE. The want always felt for a reliable class of domestic remedies is now filled with perfect satisfaction. THE HOSPITAL REMEDIES MAKE NO UNREASONABLE CLAIMS. The specific for CATARRH cures that and nothing else; so with the specific for BRONCHITIS, CONSUMP-TION and LUNG TROUBLES; RHEUMATISM is cured by No. 3, while troubles of DIGESTION, STOMACH, LIVER and KIDNEYS have their own cure. To these is added a specific for FEVER AND AQUE, one for FEMALE WEAKNESS—a GENERAL TONIC and BLOOD MAKER that makes blood and GIVES FORMAND FULNESS, and an Incomparable remedy for NETVOUS DEBILITY.
