Bénéfice net \$650.00

Si donc le gouvernement réalise \$650.00 sur dix employés, son bénéfice sur les 300 employés sera de \$195,093.00 c'est-à-dire bien au-delà de \$200,000.00 parce qu'il faut ajouter à ce chiffre le bénéfice additionnel que fait le gouvernement sur ceux qui ne reçoivent que \$100 ou \$50.00 ainsi que sur ceux qui ne reçoivent absolument rien. Ce qui n'est pas si mauvais après tout.

The Commissioners and the Hours Regulation.

To the Editors of THE CIVILIAN:

There have been distributed recently amongst civil servants some doggerel verses protesting in undignified language against the 9 to 5 rule.

Relegating this quasi-poetry to its rightful position, I wish to protest against the Civil Service Commission being blamed by this would-be poet for the lengthened hours during these summer months.
