Provision of data relevant to the Chemical Weapons Convention

With a view to contributing to the negotiations on the Chemical Weapons Convention, the Hungarian Foreign Minister put forward an initiative at the forty-fourth session of the United Nations General Assembly declaring that Hungary was ready to comply with all the provisions of the Convention under negotiation and to act in full conformity with it at this stage already. In February 1990 and in February 1991, in accordance with this initiative, Hungary presented a declaration on the production, consumption, as well as export and import of chemicals relevant to the Convention. (CD/969, CD/1061)

Following the spirit of these measures, Hungary wishes to repeat its declaration and present detailed information regarding the year of 1991.

The declaration was prepared in conformity with the draft provisions of the convention. The data contained in the declaration are based on the co-operative and voluntary contribution of chemical plants and enterprises.

Quantities exceeding one ton and thirty tons for Schedule 2 and Schedule 3 chemicals respectively are contained in the declaration. The general methodology adopted for the purposes of the present declaration are not intended to prejudice in any way the final agreed provisions of the relevant section of the draft convention.
