

INDUSTRIAL MACHINERY, PLANTS, RELATED EQUIPMENT AND SERVICES

Water and Wastewater '90 (Information Booth)

Barcelona, Spain – April 24-27, 1990

Water and Wastewater Technology

Water and Wastewater '90 is a series of annual outdoor working exhibitions designed specifically for overseas buyers of water supply and water/wastewater treatment equipment. It will feature continual demonstrations in an actual working environment consisting of waterwell drilling equipment, irrigation equipment, water supply and water/wastewater treatment systems, plus other water-related equipment and services.
