Feb. 21st 192244 HERIOT ROW,
EDINBURGH.

Dear Sir Arthur Currie,

Thank you for your letter of
Jan. 21st ult., with enclosure of correspondence
with the Medical Board, Montreal General Hospital.

The question of my coming to Montreal
being settled, it is not worth while my entering
into detail into my interpretation of what was
offered to me ~~in~~ in London by yourself & by the
Dean of Faculty of Medicine. Only let me say
that I thought the offer was that of senior teacher
in pediatrics in McGill University, combined
with a ward in Montreal General Hospital;
& that my subsequent conversations with you
in Montreal confirmed that impression.
