344	7.45	Toronto —Pop. 175,000. The capital and chief town of ONTARIO, and the next city to Montreal in the Dominion. It is situated on Lake Ontario, which affords water communication with the other great lakes westward and with the St. Lawrence river eastward. It has a most complete railway system, reaching out to every important place and district in the province. It has immense manufacturing establishments, and some of the largest commercial houses in the country. Its educational institutions are widely known. The city has an unusual number of imposing public and private buildings. Its people are nearly all English and Scotch, and while the city has strongly marked English characteristics, it is distinctively western in the intensity of its activity and energy. In addition to the numerous railway lines of the Canadian Pacific and Grand Trunk companies centering here, the Northern and North Western Division of the G. T. Ry. (see p. 38) extends northward, past Lake Simcoe, to North Bay, on Lake Nipissing, where it connects with the main line of the Canadian Pacific Railway.		8.45	0	442 446 450 453 458
