

care of Surgeon-General Bergin; and it is a pleasing duty to note how perfectly this service was improvised and carried out in all its details. The thorough efficiency of our Hospitals at the needed points, and the system of Ambulance Corps on the field, merited and received from all quarters the highest appreciation. Dr. Bergin's Report is annexed (Appendix No. 5).

This short and decisive campaign was necessarily an expensive one, as will be seen from the following statement of expenditure by the Department of Militia and Defence on account of the Rebellion:—

Expended from April to 30th June, 1885.....	\$1,697,851.32
“ from 1st July, 1885, to 30th April, 1886..	2,753,733.06
Total expenditure up to 30th April, 1886.....	\$4,451,584.38

The result of the campaign, successful and creditable though it has been in the highest sense, is not without its mournful list of dead and wounded.

Total.....			50

Taking into consideration the number of men actually engaged, our losses in dead and wounded are very heavy, showing how fiercely the struggle was carried on upon both sides.

The losses on the Rebel side were heavy, and are doubtless only partially represented by the following figures, which are mentioned in the various Reports:—

At Fish Creek the Major General reports that the Rebels had 11 killed or died of wounds, and 18 wounded. In the four days' fighting at Batoche, 51 were reported to him as killed, and 173 wounded. In Lt.-Colonel Otter's report, eight Indians are mentioned as killed at Cut Knife, though this of course does
