

APPENDIX

French achievement in Canada have been revealed to an admiring and grateful people.

I further desire you to convey in such way as may seem good to you, a most grateful expression of my acknowledgments to the employers and merchants of Quebec for the assistance they gave to Mr. Lascelles by subordinating their private interests to their desire that their employees should have the necessary permission to take part in the Pageant; and I shall also be obliged if you will let the people of Quebec know how greatly I appreciate the way in which they all co-operated to make the Pageant and the other ceremonies of the Tercentenary week a national and historical success.

I remain,

Yours very truly,

GREY.

SIR GEORGE GARNEAU,
Quebec.
