

## *Living in the Building*

**T**HE above cut shows one of our dormitories and serves well to illustrate the advantages of rooming in the building. Our rooms are cosy and well furnished. The building is steam-heated, the rooms are well cared for each day by two efficient matrons and the rates are reasonable. We have eighty-five rooms at the following prices:

Single (per month) .....\$9.00, \$10.00, \$12.00, \$14.00

Double (per month) .....\$16.00, \$18.00, \$20.00

All single iron beds, specially made for Association building. A full membership is necessary to secure a room in the building, except for a few days as a transient. Hot and cold shower baths and lavatory facilities are provided for each floor. There is a telephone on each floor connected with the office, and a system of bells adds to the convenience of the roomers.
