STEEL WEDGE OF SWORD PENETRATED HIS BRAIN

Peculiar Accident to Member of Audience in Hamilton Theatre -ls in Critical Condition.

HAMILTON, Jan. 18 -- (Special.) -- As the result of a peculiar accident at the Grand Opera House to-night during decrease of three in the year. The the performance of the Imperial Rusteelpts totaled \$5814.72, and there was sain ballet, Robert Shiverick, one of was paid off the mortgage, reducing sian ballet, Robert Shiverick, one of the audience, is in St. Joseph's Hospital It to \$7500 in a critical condition. He was sitting not far from the stage, when the blade not far from the stage, when the blade of a long sword, which was being used by Makail Modkin, the leading man in the troupe, flew out of its socket and a piece of steel used as a wedge in the handle struck Shiverick in the forehead. It was inbedded about two inches in the scalp, so that it penetrated the brain. The incident occurred so quickbrain. The incident occurred so quick ly that only a small portion of the audience noticed it. The injured man rap out of the theatre holding his hand duty on binders in 1897 was \$20.35 on while in 1907. over the wound to staunch the flow of blood. He collapsed in the lobby, and was taken to St. Joseph's Hospital it was \$19.61, by reason of an increasin the ambulance. He was operated on there, and at a late hour was reported the one hand, and certain bounties of in the ambulance. He was operated on there, and at a late hour was reported to be in a critical condition. He is assistant manager of the T. C. Watkins Company, and resided with Dr. Pryse Parke, 164 South James-street.

Turned Down Boulevard Proposal. The parks board to-night had a live-lier session than usual, when the St. Clair Land Company requested the poard to assume the care of a boulevard which it proposed to place in its new survey in the southeast end of the city. Altho the cost of caring for the same was estimated at only \$10 or \$12 month, the board turned it down. George Hope became quite angry with those members of the board who op-posed it. The estimates providing for the expenditure of \$23,460 were passed. It was decided to name the park on the mountain, between James-street and Chedoke, Westmount Park, and to rename the east park Eastwood Park. There was a discussion at the annual meeting of Magnab-street Presbyterian Church to-night on the advisability of the choir wearing gowns. James Chisholm opposed the idea, on the grounds that it was going back to the Anglican Church. The question was laid over for six months. The recelpts amounted to \$5952.62, and there was a balance of \$4.74. The following managers were elected: James Chisolm, Charles Murray, C. W. Graham, M. E. Wallace, J. Keiller and S. B. Mac-

drawbacks under iron and steel regulations on the other, the duty had increased from 10 to 15 per cent.; so that the present protection was equal to 25 cent. Quoting from the records of
Congress, Mr. Meighen quoted
evidence of one of the offis of the International Harvester

"Do you manufacture any cheaper in Canada than in U.S.?" "We do not."
"As cheaply?"

"Comparatively. "And you manufacture cheaper than English manufacturers of the Germanimanufacturers?"

"I think they can. otherwise they could not compete with them in Germany or in England." Continuing his argument Mr. Meigh en contended that one reason for the reduction of duties was that the manufacturers of agricultural implements were in a unique position, the exports being five to one, compared with the imports, and with one exception the exports exceeded the imports of any industry in Canada.

Not a Revenue Tariff.

Proceeding, Mr. Meighen showed that the tariff on agricultural implements was not a revenue tariff. The revenue to that collected on other and much less important manufactures, it being only \$283.633, or if plows were excepted, which represented the largest import item of agricultural implements, the duty under this head was only \$92,974. Under the presented the presented the presented the presented the presented the presented the tariff on importance of the lighthouse at Gibraltar Point on Toronto Island.

Mr. Brodeur replied that the lightent schedule the portant items was more or less prohibitory. "It is a Mr. Meighen,

tariff for revenue purposes. the government supporters, replied to this light, which had been maintained for about a century. ment that binders, for instance, had in-creased in value since 1896, which accounted for the increased valuation Mr. Knowles said that, like Sir Wilfrid Laurier, he was a believer in free trade ideas as they have it in England. It would be impossible to have such a policy in Canada. He preferred the government's policy in regard to the tariff to that of the opposition. He had o quarrel with the present resolution, ut why did not Mr. Meighen ask for a

uction on duties on all commodities

hich the agriculturists required?

Infant Industries. He then proceeded to deal with the question generally. It was about time, he said, that the infant industries of the country were able to stand by themselves. One of the infant indus-States and spend three million dollars states and spend three limiton in the purchase of a factory. This would indicate that the time had arrived when they should be able to go out and meet the competition of the commissioner, Wm. H. Edwards, who could and meet the competition of the commissioner, who is the three limits in connection. out and meet the competition of the world. But the manufacturers seemed world. But the manufacturers seemed to regard protection as a divine right. with the shooting of Wm. J. Gaynor They said that the prosperity of the country was due to protection. Was it Grosse on Aug. 9 last. not possible that the country had pros-pered in spite of protection? With a lower tariff Canada would have prospered even more than she has. It was not disloyal to want to buy in the cheapest market. When it came to the natter of the British preference, howver, the shoe was on the other foot. He trusted that the people would hear more of this disloyal talk from the Manufacturers' Association.

lower tariff would bring a larger revenue. The government in the past had made considerable reductions in the tariff, and he hoped for further re-

ductions in the future.

R. S. Lake (Qu'Appelle) said that, while Mr. Knowles had made a free trade speech, he had been careful to refrain from saying that he would support Mr. Meighen's motion. He had dehounced protection and class legiswould remind the memer for Moose Jaw that Mr. Fielding had declared that the question of proernment's policy. As a matter of fact the government had not only main-

the tariff, as compared with 1896.

Reduction Essential. He considered that a reduction in he tariff on agricultural implements was essential to the prosperity of the agriculturists as well as the country. No harm would be done to any interest. The manufacturers would have no reason to complain, so long as they got reasonable protection from unfair competition. When profits became exorbitant the government should take the power to step in and remove the luties. This was done in Australia. It was almost 6 o'clock, but John Herron (MacLeod) was able to place himself on record in favor of the resolution. He would have been pleased if it had gone farther, because he was of the opinion that the time had arrived when all the duty should be taken off binders, mowers and such because he was off binders, mowers and such articles, which are successfully sold in foreign countries against competition.

DANGER

Owing to the removal of the dam from the Don at the Wilton Avenue bridge, there is considerable space between the ice and the water from Wilton Avenue north, which renders the ice extremely dangerous. The public are hereby warned thereof and cautioned not to use this portion of the stream.

a state owned cable between Great Britain and Canada was under con-

"Negotiations," he said, "have been going on for some time, and are still going on, with a view to reducing the rates on cablegrams. A conference of Atiantic cable companies with the Butish postmaster-general took place a few weeks ago, with that object in view. It is expected that an amouncement will be made shortly in England on the results of this conference."

Mr. Borden gave notice that he would expect the government at its earliest convenience to state what the rule is in the several departments re-

rule is in the several departments re-garding the holding of office in municipal councils by government employes.

He had been advised that a preventive officer of customs at a salary of \$150 a year had been elected to the Halifax county council, but had been obliged to resign either his govern-ment position or his municipal office. Sir Wilfrid Surprised.

Sir Wilfrid Laurier expressed surprise at the action of the customs department. He knew there was a rule that all officers having emoluments of over \$1000 per year and engaged in collecting the revenue should not hold

FRASE-MOSES.

TODMORDEN, Jan. 18.—(Special.)— The home of George A. Moses was the scene of a pretty wedding yesterday afternoon, when his fourth daughter. Maude, was wedded to E. W. Frase being authorized. Niheteen of the nuptial knot was tied by the Rev. Frank Vipond, rector of Saint Barnabas awards were made in rescues or attempted rescues from drowning, three Miss Hazel M. Moses, youngest sister he said, that the infant industries of the country were able to stand by themselves. One of the infant industries was able to go to the United tries was able to go to the United the country lives and the award is the award is true dressed to the control of the bride the bride the bride the bride to go to the United the control of the bride the was dressed in cream slikoline ,trim-med with Duchess satin and white rosebuds. She wore a wreath of Illies of the valley and roses and carried a shower bouquet of roses and lilles of the valley tied with white tule. The bridesmaid was dressed in pearl grey with Paisley trimmings, and carried a

bouquet of flowers.

During the registration of the marriage Mendelssohn's Wedding March was played on the plane by Miss Annie Presiey. The house was decorated with roses and evergreens. A large family reunion, reception and wedding supper were held, and the newly wedded couple left on the 10 o'clock train for their new home in Newark, N.J.

"PIMPLES" Broke Out All Over Her Face.

Pimples are caused, almost entirely, by bad blood, and there is only one way to get rid of them, and that is to get at the seat of the trouble by using a good reliable blood purifying medicine.

Burdock Blood Bitters has been on the market for 35 years, and is one of the very best blood medicines procurable. After using it you will find that the pimples have disappeared, and you will have a beautiful clear complexion.

Mrs Robert McNab, Badjeros, Ont., writes:-"I am preatly pleased to report the benefit I have derived from the use of Burdock Blood Bitters. About a year ago I became so weak and run down I could scarcely walk, and pimples broke out all over my face. I tried one thing after another, but nothing seemed to do me any good. I was advised by a lady friend to try B.B.B. and before I had used one bottle I felt it was doing me good so I used three bottles, and I am now well and strong, and the pimples have all disappeared."

Burdock Blood Bitters is manufactured enly by The T. Milburn Co., Limited,

groom.

The wedding cake was sent by her brother-in-law, Mr. George Ingram, from Edmonton, Aita. Amongst the very large number of costly and useful presents was a massive marble cathedral gong clock with an engraved inscription plate from the congregation of the Don Mills Methodist Church, of which the bride was a member.
