Daniel Frohman's production of "The Boys of Company B," a comedy of the national guard life, by Rida Johnson Young, lopens at the Princess Theatre on Monday. This jolly play has been marked by sincere popularity. Mrs. Young has drawn many youthful characters with fidelity and strength, and John Barrymore plays the leading role; is an admirable cornerstone for this structure of youthfulness. It is delightful to see the young boys and girls work out their destinies in an atmosphere of wholesome play

Tony vows that he will propose to Eilleen before the day is over. The mother wagers the en-gagement ring that he will not. Tony's of new pictures ruse to give his message to Eilleen is one of the clever and surprising moments in the play, and the cartain goes down, to Eilleen's "yes," "yes,"

THE TORON TO WORLD.

With the departure of Mile. Berger-at ,the plucky little Frenchwoman, who performs in the double somer-saulting automobile act, which has been at Scarboro Beach for the past two weeks, Torontonians and visitors to the exhibition will have their last opportunity this season to see the nbination of all the automobile and loop acts, which have been brought forth during the past five years. The act is booked solid for the next three years, but it is probable that the inducements offered by the management of Scarboro Beach will bring the act here again next year, but those who wish to see a marvelous performance will be well advised to visit the park to-day or to-night.
