

T. EATON CO. LIMITED

Extraordinary Values for Wednesday

Values that are simply irresistible; prices that will make your dollars have from two to three times their usual purchasing power. We want to more than double our usual business on Wednesday, and to do it we are quite willing to make big reductions on things you're most likely to want. That's our apology for these tempting prices. They'll take effect at eight o'clock on Wednesday morning. Come and share them. Come early and get first choice. Extra salespeople will be ready at eight o'clock to give you prompt service. We cannot guarantee to fill mail or telephone orders at these prices, and a limit will be placed on every article:

GOVERNMENT REGULATION OF TELEPHONES

We are glad to notice that the Dominion government has decided to introduce a bill in parliament regulating telephone companies. The telephone business in Canada is practically a monopoly, and it is too late in the day for monopolies to claim exemption from government regulation. Government regulation of the telephone business is necessary to protect the public interest. STORIES

tries. Mr. Barrett thinks that in the not remote future the commerce of the Pacific will surpass that of the Atlantic, and that the cities of the Pacific coast States will rank with New York, Boston and Philadelphia. Among the products that America will be called upon to supply may be mentioned flour, cotton goods, oil, machinery, iron and steel. China, with an area of 4,000,000 square miles, has only 400 miles of railway. When the era of railway building in that country is over, an extraordinary demand for steel rails and railway supplies, and most of these will be furnished by America.

TO THE DRY GOODS TRADE

On a visit to the warehouse of Nibbel & Co. in Canada, a few days ago, a representative of this paper was given an amazing assortment of men's and women's woolsens, silks, trypens, household linens, etc. In men's are mixed cluster stripes, in Cheviots, Saxons and fine worsteds, and the greys in a variety of tones. A large space in this firm's warehouse is devoted to black and blue goods, and seemingly every maker of merit is represented. Specially to be noted was an extensive range of Deland and Blue "Devonia" Serges and Worsteds, manufactured by Hamilton Bros. of Bucharest, and now England's exporters to the British Admiralty and War Office. These goods are controlled by the Government and are undoubtedly the best in quality and color that can be produced. Another striking line controlled by this house is the Cheviot Tweeds and Homespun manufactures of the Oxford Mill, Co., Oxford, Nova Scotia. The sales of these goods are not confined to Canada, but they are in demand in England, Scotland and the United States.

COMING TO THE DRESS GOODS DEPARTMENT

Coming to the dress goods department of this house, the entire third floor is devoted to women's fabrics of the better class. All goods made for export are rigidly checked by the government, and only such goods as are perfectly made and properly finished from pure yarns are placed in stock. Fine Broadcloths, Serges, Amazonas, Cashmeres, Poplins, Grenadines, and other fabrics, Planelles, Homespuns and Prizes are shown in the lines shown for skirts and suits. Bedford Cord, Deland and Suits, Embroidered and Printed Fabrics, and other novelties for house dresses are shown in variety; also special lines of reversible cloths for coats and dresses. An idea of what is coming may be had from the development of Japan during recent years. Not much more than 30 years ago Japan indulged in the modest little foreign exchange of commodities valued at approximately \$30,000,000, or hardly one per cent of her population. Now Japan's foreign commerce is estimated at nearly \$300,000,000 per annum, or nearly seven dollars per head. With this marvelous advance, Japanese statesmen and trade experts claim that the Kingdom has only begun to figure in the great world's competition of trade.

A FAVORITE AND POPULAR WORK IN CANADIAN HOMES

The introduction of the popular Diamond Dye Mat and Rug Patterns has been a boon to the Canadian home. LIFE WAS INSURED FOR \$1000, AND \$25 WAS PAID ON HIS POLICY.

Henry Abraham of Durham County also applied for administration of the estate of Abraham Abraham, his son, who died a year ago, leaving an estate valued at \$12,500.25. Deceased was unmarried and lived with his uncle for 21 years.

GATHERING STRENGTH.

The Retail Merchants' Association has made marked progress in accumulating strength numerically and otherwise during the past few weeks. There are now twelve sections in connection with the association, comprising a membership within a few of a thousand, and these will be increased during the next couple of weeks by the formation of two new sections, one of dry goods men, which will be formed by the United States agents, and another of furriers, to be organized on Thursday evening. Secretary Towns states that these two sections will constitute important factors in connection with the association.

JAPAN'S PERMANENT EXHIBIT.

A circular was received at the Union Station yesterday to the effect that the government of Japan will establish, in connection with their National Industrial Exhibition at Osaka in 1904, a special building for the samples of foreign countries. Canada, as well as other countries, is given an opportunity to make a display at the exhibition.

MRS. WALSH, 2 BRANT PLACE, TORONTO, WRITES:—

"My daughter had such severe attacks of nervous dyspepsia that she could hardly get about the house, and when these spells came on she would complain of dizzy feelings and headache. The use of Dr. Chase's Nerve Food seems to have entirely overcome her trouble, for which we are all very grateful. We have also used Dr. Chase's Kidney-Liver Pills in our family with excellent results, and I can recommend both these preparations very highly."

MR. F. D. STEWART, 20 GRANGE AVE., TORONTO, SAYS:—

"As a cure for nervous sick headaches and dizziness I consider Dr. Chase's Nerve Food excellent. I have used the food for the above ailments myself, and have proven it entirely satisfactory. I do not hesitate to speak very highly of this remarkable preparation."

MR. THOS. HEAD, 4611 Adelaide St. W., Toronto, says:—

"As a remedy for heart trouble, weakness and nervous exhaustion, I consider Dr. Chase's Nerve Food a very superior preparation. I have used it personally for these ailments with most satisfactory results. The action of the food has been regulated. I suffer no longer from palpitation, and my liver generally is greatly improved. I have also used Dr. Chase's Kidney-Liver Pills, and found them to act quickly and effectively."

We are anxious to investigate these cases and enquire about the benefit to be derived from the use of Dr. Chase's Nerve Food. These statements were given by these people for your benefit. We know that you will also praise this great system-built food, and you once test its merits, and there is no better time of year than at present, when the blood is thin, watery and impure; 50 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

HAY FEARS BOER AGITATION

General Pearson's Bluster Caused Him to Write to the Mayor of New Orleans.

TWO BOER AGENTS WARNED AWAY

No Fight Will Be Allowed By Sheriff Nunez, the Man in Charge.

New Orleans, La., March 3.—It developed here to-day that Secretary of State Hay had written a letter to Mayor Capdeville, which was referred to Gov. Heard, expressing the fear that the Boer representatives and sympathizers in New Orleans might attack the British horse and mule quarters at Port Chalmers, just below the city, where the mules and horses are kept awaiting shipment to the British army in South Africa.

Gen. Pearson, the Boer agent at New Orleans, after the failure of his suit in the United States court to break up the multi-millionaire, wrote a personal letter to President McKinley, in which he protested against the United States as a base for their war supplies.

The letter was so emphatic in denouncing the mule depot at Port Chalmers as to fill Secretary Hay with the belief that Gen. Pearson intended to organize a force to attack the depot. He accordingly wrote to Mayor Capdeville, expressing his apprehension, and asking him to assure the British officers that the mule depot would be protected.

But the depot is just below the city limits, in St. Bernard parish, where Mayor Capdeville is wholly without power or authority. The Mayor accordingly referred the communication to the Sheriff Nunez of St. Bernard. The Sheriff Nunez, the latter sent it to the Sheriff Nunez of St. Bernard.
