

## Ladies' Visiting and Aid Society.

---

PRESIDENT,

MRS. H. WATSON.

Much interest has been shown in the work undertaken since our last report. Through the liberality of friends we have been enabled to give more assistance to the needy than formerly.

Besides the usual work, the help and sympathy of a large number of ladies were enlisted in the special effort made for a Home Missionary, and his family, in Assinaboia, Northwest Territories. A valuable bale of clothing was sent to them in the month of November, which we know was much appreciated by the letter containing warm thanks, since received.

Twenty-five dollars (\$25) and an additional special donation of \$5, with two pairs of new blankets and several large parcels of new clothing, were granted to Nazareth Street Sunday School Mission.

Mina and Orva Moore of the Mackay Institute, were supplied, as usual, with a quantity of clothing in the months of April and October.

Besides giving to individual cases in the congregation and in the mission, clothing, etc., was granted to the following:—The Day Nursery, the Boys' Home, Mad. Côté's work, Miss McSween's work, the Labrador Mission, the Jewish Mission, the Victorian Order of Nurses, and the French Protestant Mission at Namur.

We are deeply indebted to Mrs. James Alves, Mr. D. Morrice and Mrs. Redpath for large parcels of new clothing, which have greatly assisted us in our work.

Not only to these kind friends of the Society do we desire to convey our warm thanks, but to many for large donations to the box sent to the North-West.

The special subscriptions for the "Industrial Rooms Bazaar Fund," kindly collected by Miss Louise Miller, amounted to \$79.75.
