VOICE OF THE PEOPLE

Because of the poor quality of last year's potato crop many farmers are experiencing difficulty in keeping them in good condition. They are, therefore, anxious to get all their potatoes out of storage before they begin to sprout or are affected by rot. Past years' experiences, too, have shown that there is no demand for old potatoes once the new have commenced to appear on the market.

Another factor in the cause of the drop is that since the era of abnormal prices commenced there has been a steady decrease in the demand, which has amounted practically to a boycott among certain classes of huvers. The Lloyd George "Dictator."

Free speech and a free press the day. The evils Russia has repudiated we are accepting quite meekly, evidently unconscious that if we tamely submit to slavery, still greater efforts will be made to enslave us. VALUABLE HELP HERE

The board of control will discuss a proposition to set aside a salary for Henry Macklin, J.P., and Ald J. J. Dyer, who have been acting as magistrates for some time. It is understood that they will be paid at the rate of \$2,000 a year, the money to be divided. So far neither man has received anything for his services. Mr. Macklin, being a justice of the peace, is entitled to certain fees, but these have not been collected by him, but paid over to the city treasurer direct. Provision will have to be made in the estimates for the salaries of these men, and the board of control will discuss the matter.
