Reekie's Best Score In N. Y. Play Golf Tourney

Fine weather again favored the second day of the 16th annual meeting of the Royal Canadian Golf Association at the links of the Lambton Golf Club. The weather, altho extremely warm and sultry, was ideal for golf playing, there being little or no breeze to hinder the players. The program consisted of two events, namely, the qualifying rounds for the amateur championship of Canada, and the inter-club team match, both matches being 36-hole events. The amateur championship is open to all amateurs who are members of a club belonging to the association and who have resided or been domiciled in Canada for a period of six months prior to July 1, 1910. Two qualifying rounds (each) will decide the 32 players returning the best gross scores in the qualifying rounds will play off the first round of the championship. The club team match, which is a 36-hole medal play, was played concurrently with the qualifying rounds for the Canadian championship, and is open to teams of four members for any club belonging to the Royal Canadian Association. A trophy will be presented by the association, and will be held for a year by the club whose team has the lowest aggregate gross score in this match, the members of the team receiving individual prizes.

The best score of the morning play, or the first 18 holes, was made by Mr. Reekie of the Lambton Club, his score being as follows: 4, 3, 4, 5, 6, 4, 3, 5, 4—37; 5, 4, 4, 5, 5, 6, 4, 4—40. Total, 77.

This score of 77 was the best by four, the next best score being 81, which tally was made by F. R. Martin of the Hamilton Club, his score being as follows: 4, 5, 4, 5, 5, 6, 4, 4—41; total, 81.

A. E. Austin of Lambton also was successful in getting an 81 score, but it was made in a great deal different way than that of Mr. Martin. While Mr. Austin had three hard holes in three shots at each, he was unfortunate to also have three shoves to his credit in holes that were just as easy to negotiate.

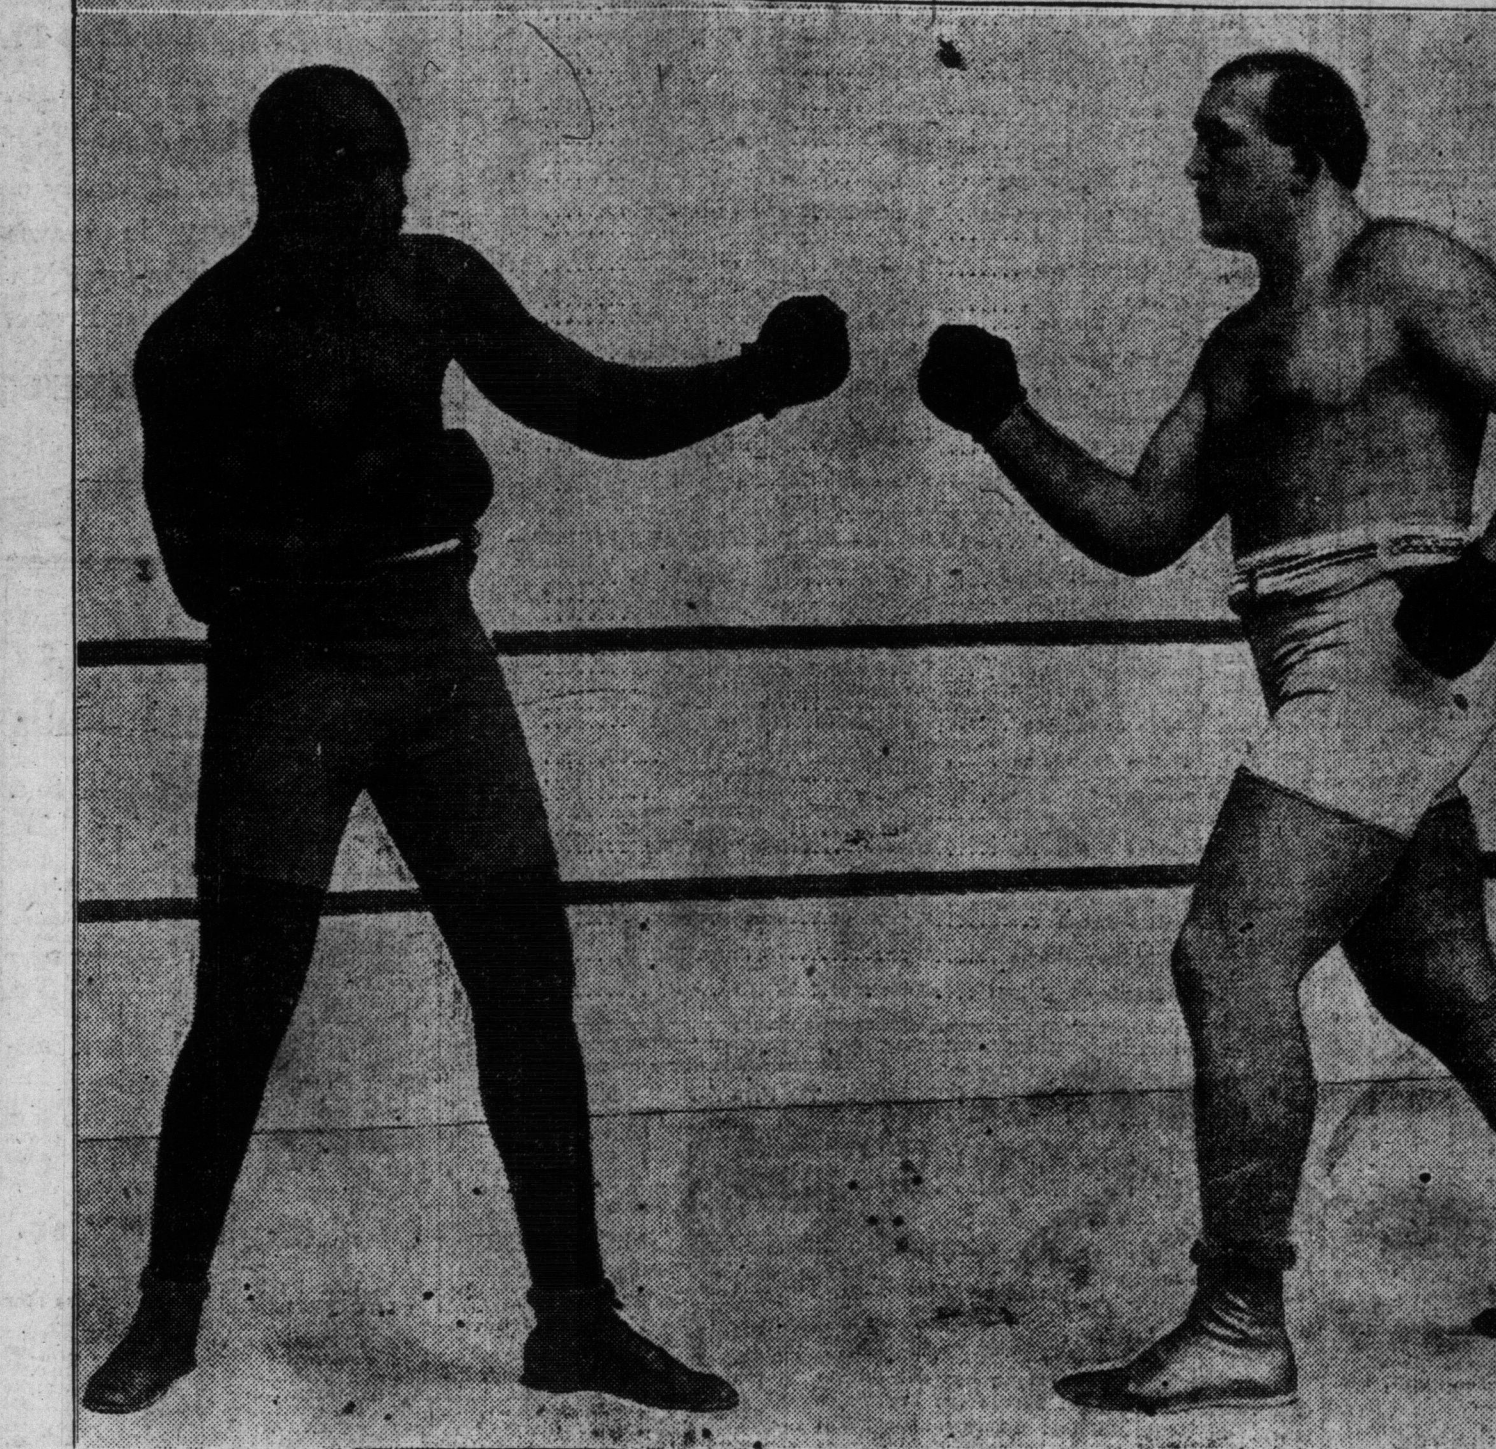

Mr. Martin's playing, it will be noted, was more consistent, he having nothing lower than fours to his credit. Mr. Austin's score follows: 4, 5, 4, 5, 5, 6, 4, 4—41; total, 81.

George S. Lyon, Lambton's veteran golfer, who has a record of 69 for the Lambton course, was not in his best form, and a score of 82 was the best he could manage to make. He started well by making the first four holes in four shots each, but took five and six, and then a rare streak of form he netted the seventh hole in two, which is certainly a good thing. His total score was 82, which was the best of the day.

SCHREIBER'S SCOLT WINS FEATURE AT FORT ERIE

Steeplechase Was a Fizzle, as
Track Attendant Failed
to Open the Gate
—The Summary.

FORT ERIE, July 2.—Barney Schreiber's Bannockburn colt Sager won the Canadian Derby here to-day after a good contest. Sager was a much better gelding. Away slowly, he trailed his field to the middle of the back stretch, where Musgrave began to get after the leader, Banives. The latter was out in front setting a merry pace, but was soon joined by Sager and they raced together to the head of the stretch, where he drew away with a rush and won going away easily. Bannockburn was second best, closed up 5-1 of ground in the run home, but could not get near the winner. Polls was crowded on the far turn and fell.

Large crowds were on hand; excursions from Toronto, Hamilton and near-by towns helped to swell the crowd. There were seven races on the card, with the Derby as the feature race of the day, and the steeplechase. The latter proved the biggest kind of a fizzle. On the last turn, where the gate should have been open to let the horses out to the main track, the attendant failed to do his part and the result was a big mix-up. The judges declared the race no contest and referred it to the Canadian Association to decide if the race stands as run.

Big Tim Sullivan The Stakeholder Receives Purse

RENO, July 2.—The \$100,000 purse of the Jeffries-Johnson battle, the greatest sum ever placed on a similar event, is complete. Just the first four holes in four shots each, but took five and six, and then a rare streak of form he netted the seventh hole in two, which is certainly a good thing. His total score was 82, which was the best of the day.

Mr. Martin's playing, it will be noted, was more consistent, he having nothing lower than fours to his credit. Mr. Austin's score follows: 4, 5, 4, 5, 5, 6, 4, 4—41; total, 81.

CITY TENNIS PLAY

Tourney Under Way Saturday at
Rusholme Courts.

Play started in earnest on Saturday afternoon in the city championship tennis tournament at the Rusholme courts, and the games brought out some very excellent playing. All the city cracks are entered, and every city club is represented. Players from Winnipeg and Montreal arrive in town Saturday morning and are hopeful of making a good showing. Baird, the city champion, fresh from his victory at Rochester on Dominion Day, seems to be now laying down all competitors in his advances to the city championship in the men's singles.

On account of the large number of entries the ladies' events cannot be started till next week. Much interest is centred in these events, as some of the young players have been coming along at a great rate, and the title-holders must look to their laurels. Miss Moyes is back in town from Philadelphia, and will contest for the championship in the ladies' open singles. Between 20 and 30 matches were played Saturday afternoon, and the contests will be continued every afternoon and evening of this week. Entries run up into the hundreds.

The following were the results Saturday:

In the men's novice—Macaw beat Allard 6-1, 10-8. Langley beat Foley 6-0, 6-4. Macaw beat Langley 7-5, 7-9, 4-8. Hooper beat Webster 6-4, 6-2. Mitchell beat Overend 6-2, 6-1. Langridge beat McKellar 6-2, 6-1. Ramsden beat Byers 6-2, 6-3.

THE MARCH. Hugh J. Hughes in The Independent. We must keep the pace of the strongest—the terrible stride that kills—That the goddess smile on our endless ranks as she lures from her golden hills. Let the weak of body and soul go down—let come what evil comes! So we lag no step in the terrible march close to the rolling drums. Are any too weak to maintain the stride? Pass on March over Set you heel on the roadway paved with souls! 'Tis only the weak regret! A thousand blooms must fade in bud that one perfect rose may be. So a thousand men must fall that one may hold the earth in fee! We must keep the pace of the strongest—must step as with thews of steel. Tho the body faint 'neath the racking stride, tho the famished spirit reel, Tho the days drag on into weary years, the steps into endless miles, Keep pace! and ho for the heights beyond where the luring goddess smiles! We must keep the pace of the strongest—walk close to the rolling drums. Beat down, pass over, break with the heel whoever before us comes! Do we sell our souls? He wins the world who harks to the goddess's cry! "Who wins must march!" Keep pace, or else fall out to the rear and die.

INVENTS NEW MOTOR.

A hydrocarbon motor, controlled by one lever, that starts without cranking and runs at any desired speed, is the latest creation of Willard D. Doremus. The engine operates exactly as does a steam engine, it is said, but without the attendant complications of steam. It works equally well on alcohol, crude oil, kerosene or gasoline. In speaking of his latest production Mr. Doremus says: "I am not quite ready to give a detailed description of this engine, as I may wish to make one or two slight changes. Besides, I wish to be thoroughly protected by patents before divulging the secret to the public."

"One lever controls the starting, stopping and speed simply by admitting into the cylinders fuel in quantities desired. For automobiles its use will eliminate fly wheels, clutches, transmissions, with their attendant levers and control rods. It will also eliminate the subtle troubles of ignition and carburetion. The two models I am working with now I constructed simply to prove the theory, and they far exceed expectations. I am now building three engines suitable for automobiles and hope to have them working in a few weeks."

OPEN AIR SPECTACLES.

In producing Shakespeare's "As You Like It" in the Greek Theatre, Maurice Adams completed the most noteworthy achievement in open-air performances ever dreamed of in America—an undertaking which surpasses that of the theatre series of historic pageants which in the last few years have become so popular in Great Britain. Last July Miss Adams put on Schiller's "Joan of Arc" at the Harvard Stadium in Cambridge in a manner that is reported to have been stupendous. The cast alone, including the supernumeraries of the army, ran into the thousands, and the audience climbed towards 25,000. The English version of the classic was made by George Sylvester Viereck, and the performance was accounted a notable advance in open-air theatricals—San Francisco Chronicle.

GUILTY VERSUS ROSTAND.

Ever since the first night of "Chanteclair" kind friends have spread the report with glee that M. Rostand and M. Guity hate one another. The poet considered that the actor was the worst Chanteclair imaginable. The poet gave a copy of "Chanteclair" to another actor, M. Albert Lambert, who had recited the part on the concert platform, and wrote on the fly-leaf: "To Albert Lambert, who created 'Chanteclair'." And M. Guity was correspondingly vexed.—From the Paris correspondent of The London Daily Mail.
