

A NEW SCHOOL FOR CATHOLIC PUPILS IN BURPEE AVENUE

It was reported at the meeting of the board of school trustees last night that the Bishop of St. John had purchased a property in Burpee Avenue and intended to erect an eight-room school building there to provide accommodation for the Catholic scholars in that district. Plans of the building were approved and it was said that the desire was to have the work of connecting the water system undertaken by the city immediately so

as to give work for the unemployed. The report of the laying of the foundation stone of the Lorne school and an account of the trustees' convention in Fredericton were heard and much routine business was dealt with. Mr. Coll's suggestion that Miss Maher be interviewed regarding property adjacent to the Centennial school was approved. Applications for the position of janitor at Lorne school were received from S. Pines, Frank Blizard, and Charles H. Fisher. The resignation of Miss Edith M. Cameron from the teaching staff was accepted as Miss Cameron is to be married. The municipal chapter, I. O. D. E., wrote to ask the approval of the board of having the I. O. D. E. prizes made annual awards, and this was referred to the superintendent. On motion, thanks were extended to Mrs. J. V. Ellis, G. H. Hayes and Hon. H. A. McKeown who have presented medals to scholars.

The Christmas Gift OF A THOUSAND USES

Here's a bright idea—give an Eveready Flashlight to every one on your Christmas list. You can't go wrong on a single one, because there's a type of Eveready for every type of person. Here, surely, is the Christmas Gift of a Thousand Uses.

Christmas morning, watch Dad reach for that handsome Spotlight with the 300-foot range.

Look at Mother, wreathed in smiles, examining her flashlight. Now she can approach those dark stairs with surer tread. No more guessing which is "Grape" and which "Crab Apple" on the dark jam-shelf.

Easy there, Billy. Wait a minute, Jane. There's a Pocket Light for each of you. Aren't they nice? All smooth and shiny, like a cigarette case.

A bright Christmas? Yes, Sir! Don't wait till the rush is on. Take your list to the nearest electrical, hardware, drug, auto-supply, or sporting-goods store today and make your Christmas selection. Eveready Flashlights for Everybody, from \$5.00 down to \$1.70.

FRESH

Tea—to be good—must be fresh

"SALADA" TEA

Is always fresh and possesses that unique flavour of 'goodness' that has justly made it famous.

The janitor of Victoria school asked to be reimbursed expense in connection with cleaning after the recent repairs to that school. This was referred to the visitors to the school with power to act. The janitor of the Cliff street school which is now being used until 8 o'clock each afternoon asked for more remuneration and this was referred to the visitors to St. Joseph's school.

Reports showed the amount of money expended in purchase of books for scholars who lost books in the burning of St. Joseph's school was more than \$200; that the sum of \$6,600 had been paid the Simonds estate for the site of the Lorne school and the cost of the property owned and that the sum of \$157,876.41 had been received from Thomas Armstrong & Bell in payment for \$167,000 debentures.

A bill of \$89.50 from Dr. W. B. Wallace, R. C., for legal services was authorized paid.

A bill from Wilson and Haynes for \$500 for plans for repairs to the Winter street school was referred to the buildings committee with power to act. Authority was given for whitewashing the Domestic Science building during the Christmas holidays.

Mr. Green asked that the secretary draw the attention of the New Brunswick Power Company to the danger and inconvenience of a wire crossing the King Edward school. This was approved.

The sum of \$60 was granted the janitor of the High school building for extra services up to December 31, 1921, and a bonus of \$100 was granted the board's carpenter, Mr. Golding, for extra work.

The secretary's report showed 8,904 enrolled and 4,238 boys, and 4,411 girls belonging; \$1.63 per cent. of those belonging being in average daily attendance. The pupils "not belonging" were accounted for as follows: Died, 1; sick, 72; at work, 31; left city, 53; transferred, 44; truancy, 3; kept at home, 55; total, 249. The health report showed eleven cases of scarlet fever, six of diphtheria and one of chicken-pox during the month.

Mr. Nagle said the Bishop of St. John proposed building a new school of eight rooms and no assembly hall in the Valley district, where there were 160 boys and 149 girls. This would afford relief to the crowded schools, St. Peter's girls and St. Vincent's and be a means of centralizing present scattered classes. Two rooms in the Burpee Avenue school and one room in the Kimball building, Cliff street, would be emptied. A lot, 150 ft. x 85 ft. on Burpee Avenue, above Zion church, had been purchased and it was hoped the building might be commenced next year. He believed a small building, perhaps of four or five rooms, was greatly needed to care for the Catholic children in the Lower Cove district. On Mr. Nagle's motion the plans

of the proposed school in Burpee Avenue were approved.

BIG GRAIN YEAR IN CANADA

Montreal Claims the Lead in Trade Over All Atlantic Ports.

Montreal, Dec. 13.—In total volume of grain into Montreal port from May 1 to Dec. 8 the rail route beat the water route by eleven million bushels in the highest grain years this port has ever known.

According to figures compiled by the Montreal Board of Trade, 64,859,369 bushels of grain arrived in Montreal by lake boats, as compared with 75,557,069 bushels by rail.

The grand total of grain by boats and rail reached the enormous total of 40,056,445 bushels of all grains, a volume claimed to be in excess of all other Atlantic ports combined from Halifax to Philadelphia and Newport News, including the Port of New York.
