THE COAL SITUATION

(Bangor Commercial). Coal operators and dealers are advising the public to get well supplied with anthracite coal in view of the probability of a strike in April. Of course the argument is that the public will not then suffer from a strike but there is probably some foundation for the reasoning. The coal situation is out of order. Beauty not only Skin Deep

The Soft Velvet Sheen of a Beautiful Complexion Comes From Within.

TANLAC, RATHER THAN COSMETICS, WILL PUT ROSES IN YOUR CHEEKS

ONE of woman's greatest charms lies in the beauty of her skin. Men admire the soft velvetness of its texture and women envy it, but the real roses are not put in the cheeks with cosmetics. Their use is simply an acknowledgment of fading beauty. Face creams, rouge and powder will not fill in the sunken cheeks or rebuild a scrawny neck. They do not, and cannot, restore the sheen of a healthy complexion.

What haggard-looking, care-worn women need to bring back the natural bloom to their cheeks and the irresistible sparkle to the eye is the glow of perfect health. Nothing on earth can equal TANLAC for this, declare tens of thousands of happy women who have tried it and are now the picture of health. Contrary to the old saying, beauty is not skin deep. Beauty comes from within. Unless your stomach is in perfect condition, you cannot hope to have a rosy, healthy complexion—beauty.

Digestive troubles ruin the complexion of women and men. Ugly pimples, blotches and blackheads are the surest signs that your digestion is out of order. That your stomach and liver are not working, that you do not assimilate your food and do not properly eliminate the waste matter, which poisons your system.

Is there anything more objectionable than a face with blemishes? Persons—women and men—who are troubled with impurities of the skin, suffer constantly and keenly their misfortune.

And how needless to continue your body and mental suffering! TANLAC
