### A SUMMARY OF WORLD BUSINESS

#### U. S. Must Await Lower Exchange and Improvement in Overseas Labor Conditions.

Washington, Jan. 10.—Better trade conditions between the United States and South America and the Far East cannot be expected until low rates of exchange and labor conditions in foreign countries have been improved, according to a summary of world business made public today by the department of commerce.

Australia was represented to be awaiting lower prices before buying much in the United States markets, and banks there were said to have raised money prices. It was said that this, together with the low rate of the pound exchange, has brought about a virtual stagnation of the market.

#### LOYD GEORGE MOVES.

London, Jan. 9.—Lloyd George has taken formal possession during the week-end of Chequer court, at Aylesbury, Bucks, which is to be the official country residence of the prime minister. The estate of Chequer court was recently presented to the British people by Col. Sir Arthur Hamilton Lee, first Baron of Fareham.

#### LETTS STUDY ENGLISH.

Riga, Latvia, Jan. 10.—The Letts are all studying English industriously because of the influx of American and British business men. Every storekeeper has at least one clerk who is buried in an English grammar. The revival of trade following the war brought swarms of merchants here, and natives are making every effort to profit by the opportunity.

#### THE IRON CROSS AGAIN.

Strasbourg, Jan. 10.—A number of Alsatians who during the war enrolled in the ranks of the German army have been rewarded by post in an Iron Cross with the inscription, "Your Fatherland does not forget you." It is believed to be the work of German propagandists.
