

St. John's Volunteers

An interesting place in these stirring days is the recruiting office of the 62nd St. John Fusiliers at 81 Prince William street. Of course every active man in these days is thinking about military training for home or foreign service, and his own responsibility in that connection. The battalions of the Empire, and the hard work necessary to uphold the flag. In bringing the 62nd Regiment up to its full strength of 1,000 there are some things to be considered which may not be well known to the average man. Those who are now joining the regiment are joining for home service with this particular regiment, and not for foreign service with other commands. The 62nd has many advantages, including the use of the fine new armories, where the men have up-to-date bowling alleys and recreation rooms. Here they may indulge in indoor pastimes and have all the benefits of a first class club-room. But, better than that, they will have the finest available instruction in drill of every character. The military exercises are universally recognized as being of immense benefit to the average young man. They not only develop the body and give him a fine carriage, but they develop his character as well, bringing out manliness, and confidence, and making him an all-round man for a new world.

CANADIAN WAR NOTES

An Austrian reservist was arrested last night in Stratford, Ont., while endeavoring to buy a ticket home. He was taken to the wireless station at St. John's and held overnight. Four sentries fired and pursued the attacker into the woods. No details are given. Amid the enthusiastic cheers of 10,000 citizens some sixty reservists of the French army left Quebec for Montreal last night to join their compatriots en route to France. Contributions by those attending a lecture given by H. B. Ames, M. P., in Montreal, last night, totalled \$600 for the families of Canadian soldiers going to the front. The offer of C. B. Gordon, of Montreal, of his private yacht has been accepted, and she will be used in despatching to the city in about a week. An offer of this kind was made by Jack Ross, whose yacht Albatross, has been sent to Halifax. Miss Edith Kierstead, Arnold Young and Archie Gillies were week end guests of Edwin C. Davis at his summer cottage, Old Point Comfort, Brown's Point. P. T. Warren, chief engineer of Norton Griffiths & Company, is in the city for a few days. Miss Florrie McLean of Glace Bay arrived in the city last evening to spend two months with her friends, Miss Lou Dean and Miss Belle Eufis. J. P. Dunlop of Poplar Grove, Halifax, who has been attending the A. O. H. convention at Fredericton, is spending this week visiting friends in St. John. L. A. Castonguay, secretary of the Maritime Tennis Association and ten members of the N. S. team are at the Royal. Dr. Jordan Townsend, superintendent of the Jordan Memorial Sanitarium in the city today. B., is in attendance at Oxford University, in the King Edward Colonial Hotel, as do many other Rhodes scholars. The funeral of Miss Marian F. Gilch was held this afternoon from the services were conducted by Rev. H. A. Collins and interment was in Fernhill. The body of Samuel Wilson was interred this afternoon in Greenwood cemetery, following services at his home, on Ludlow street, West, at 2:30 o'clock.

PROBLEM MUST BE FACED WITH NO DELAY

Families of British Reservists Left in Very Poor Circumstances—Temporary Aid Provided. The problem of caring for the families of soldiers who go to the front is one of an extremely practical nature which must be faced by this city. The Canadian volunteers are better paid than the European soldiers and, with their pay, service allowance and, in the case of married men, a separation allowance, they will be able to contribute something towards their families' support although it will hardly be enough to meet the usual expenses of a family. The citizens' fund will supplement this. More serious is the case of the British reservists who have been called home and who leave families here. A party of four reservists left for Quebec last evening and these men said that their pay would be only about thirty cents a day which would not go far towards keeping a family. Of these men one has a wife and four children, another a wife and three children, another a wife and one child. None of them had any money to leave

KIDNEY TROUBLE AFFECTED HIS SPINE

Suffered For Forty Years Until He Used "Fruit-a-Lives". Bronte, Ont., Oct. 31st, 1913. "For about forty years I was troubled with Kidney Trouble. I was never cured by any of the advertised remedies until I used 'Fruit-a-Lives' which never did me any good. Then I saw 'Fruit-a-Lives' advertised and decided to try them. They did me more good than any other remedy. My son suffered from the same trouble and frequently had to leave of work and frequently had to leave of school. 'Fruit-a-Lives' remedied it for him. I would strongly advise anyone suffering from Kidney and Bladder Trouble to use 'Fruit-a-Lives'." H. DORLAND. 50c. a box, 6 for \$2.50, total size 25c. NOVA SCOTIA TAKES LEAD IN TENNIS TOURNAMENT

Two matches were played in the Maritime Tennis tournament on the local courts this morning. The men's singles resulted in a great struggle between A. C. Wiswell, of Nova Scotia, and J. Blythe, of Nova Scotia, over Miss J. Chisholm, of New Brunswick.

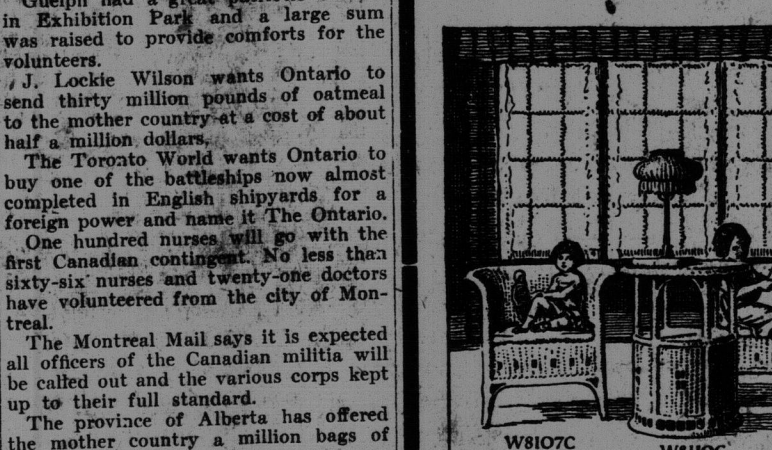

RAISE FUNDS FOR DEPARTING MEN

Relief of those who would be deprived of their means of support by the departure of the soldiers. The matter of making the fund a provincial rather than a local one was debated and the decision was left in the hands of the committee. It was suggested that the fund be made local for the present and then, if any of the outside places desired to come in, arrangements could be made for them to do so. During the course of the meeting Captain E. T. Sturdee, who will be in charge of the local contingent, entered the theatre and was given a great reception. His Worship explained what had been done at the time of the Bore war by the people of St. John. By means of the fund raised, the pay of the men had been increased 50 cents a day. Before the men left for the front \$40,000 had been raised and each man was given a sovereign. In order that the work might be started immediately, the committee was requested to meet in the Board of Trade rooms tomorrow morning at 11 o'clock. Judge Forbes expressed the opinion that the fund should be a provincial fund chiefly to aid the wives and children of the men who go to the front. He moved that a committee of 100 be appointed to solicit subscriptions. Allan Schofield in seconding the motion, thought that the amount should be raised through the taxes and then a subscription fund could be provided for the men who are away. The committee was not of the opinion that the amount should be raised through the taxes. "We should have plenty of information before we decide about the distribution of the fund. The men should be put in a position before they go that they may know their families will be provided for while they are away." The motion was put and carried unanimously. The matter of the appointment of a secretary and treasurer was left to the committee. The mayor read the names of 100 men in the province who might make an efficient committee. On motion of Walter Golding the name of Raymond Tobias was added to the committee.

The father and mother of the drowned boy were among the first at the scene of the accident. The body was recovered after an hour and all attempts at resuscitation failed. Coroner James Kay viewed the remains and decided that an inquest was unnecessary.
