After Real Estate.

It is hard to get some citizens to believe such talk as this, but there are them while here as visitors will mature in the determination to choose Victoria. others who are forming their own judg-ments in the matter, investing every dollar they can spare, securing this, that, and the other bit of property; like that long-headed chap in "The Golden Butterfly." who was thought by his neighvery substantial kind. bors to be minus a bunch of shingles in the garret roof, but who "knew ile" and got ready to strike it, and did strike it, when his ultra-sane neighbors were glad to ask him for a job.

What the C. P. R. is Doing.

Here is one question that anybody who

knows anything about the history of this

country for twenty years back can easily

answer: Was there ever a case known in the history of the Canadian Pacific rail-

way where that company has come into

possession of land, trame concessions or

any other kind of prosperity, that it calmly sat down beside it and made no

attempt to enlarge, improve, develop, ex-pand and increase a thousandfold that
