Burns Are Serious

With the greater part of his body affected by hot water scalding, Charles Ward, the young five-year-old son of Mr. Harry Ward, of Harrison St., is in a condition which is causing his parents great anxiety. The little lad was playing about the kitchen while his mother was at work, and succeeded in reaching up to a large pan of boiling water standing upon the stove. He had climbed upon the front of the kitchen range to do so, and when the pan tilted over, he fell to the floor, the boiling water deluging him, and scalding the neck, chest and part of the face very severely, as well as inflicting minor burns on other parts of the body. Dr. W. F. Roberts attended the child, whose condition is regarded the more dangerous by the shock which invariably accompanies a bad scalding to one of nervous temperament or of tender years.

THREE HORSES BURNED TO DEATH IN NORTH END FIRE LAST NIGHT; OTHERS HAD NARROW ESCAPE

A fire which broke out in a barn occupied by Quinn and Co., on Elm street, shortly before twelve o'clock, last night did about \$2000 damage before it was subdued. Taylor and White, coopers, lost a horse as also did J. T. Quinn, of Quinn and Co. and Jas. D. McKay, of the I. R. C. There were several other horses in the barn and buildings but as far as is known all were taken out safely.

In the excitement of the moment some broke loose and wandered out on the marsh in the rear of Elm street. On that account it was difficult to tell how many were burned.

Started in Quinn and Co.'s. Patrolman Covey, who was on Adelaide street just before midnight had his attention drawn to the fire by the crackling sound and almost immediately afterward saw flames burst through the roof of the stable of Quinn and Co. He rang in an alarm from box 125 at No. 5 Engine House. Elm street is a dangerous locality in case of fire and the flames burst out with such vigor that a general alarm was rung in, calling out the city apparatus.

The stable of Quinn and Co. had adjoining its rear a stable owned and occupied by Taylor and White. An ice-house and stable belonging to Thos. J. Phillips, collection agent, stood alongside. The fire soon had possession of the three buildings and three

tened the dwelling owned by George W. Folkins, and occupied by him and his family and by Policeman John McCollum and family. The firemen soon had several streams on the blaze and after half an hour's work had it under control and by one o'clock out.

The Loss. Mr. Quinn lost wagons, carriages, sleighs and other stock to the value of \$1000. The stable which was occupied by his own horse and that of McKay, was totally destroyed with its contents. The horses and stock of Mr. Phillips were removed with little damage. Two of the three horses belonging to Taylor and White and one belonging to J. Murphy were brought out suffering from the effects of the heat and smoke.

Insurance. Mr. J. T. Quinn is insured with Wm. Thomson and Co., but for not more than one-third of his loss. Mr. Phillips and Taylor and White also carried insurance and are fairly well covered. The property of that of Mr. Phillips tenants suffered little damage. Mr. Folkins is insured.

Cause Unknown. The cause of the fire is unknown. The blaze in its early stages cast a reflection over all the surrounding property and many anxious inquiries from those with friends or property in North End.

WOMAN BADLY BURNED IN NORTH END

Only the presence of mind of her husband, who seized a quilt and wrapped it about her to extinguish the flames in which she was enveloped, saved Mrs. Frederick Melanson, of Chesley street, from death by burning, yesterday.

In spite of the aid given by her husband, Mrs. Melanson is very badly injured about the back, hips, arms and legs, and is suffering terrible pain from her injuries.

Dr. Geo. O. Baxter, who attended the woman, said last evening that her condition was very serious, but that the prompt action of Mr. Melanson had probably prevented the accident from having fatal results.

Mrs. Melanson was dressed in a cotton wrapper, which burst into a blaze at once. The garment was ignited by a spark from the fire, which had just been lighted. When she realized her danger the woman ran about the house in a frantic endeavor to extinguish the flames, and it was with great difficulty that her husband was able to give her aid.

Retaining Wall Fell Saturday. The sidewalk on Prince William street, opposite the Customs House, is obstructed by the falling of the retaining wall in front of the vacant lot, which is directly opposite the Customs House.

She will be accompanied by her mother, Mrs. Beverly Robinson, and by her daughters, Mrs. W. B. Clements and Miss Nancy Kingdon.

The citizens generally will be glad to hear that the Canadian Pacific Railway Company's telegraph office opened a branch in the ticket office at the corner of King and German streets. This has been found necessary to meet the large increase in the business and to meet the convenience of the public, which, no doubt, they will appreciate.

Heard Bermudians Speak. Sunday evening's meeting in the Salvation Army hall No. 5, Mill street, was addressed in an interesting manner by three Bermudians, Mr. Hilgrove Ebbin, Mr. Achard Outerbridge and Mr. Freddie Deviras.

On Friday evening last, a guessing contest was conducted at No. 5 bar racks. These present were required to guess the contents of a pot suspended upon a tripod. The pot contained a slip of paper with the word "death." No person guessed it, but the prizes, a number of bibles, were awarded to the ladies.

Special to The Standard.

Hamilton, Ont., June 7.—The general Assembly had a lively day today. During the discussion of the Church union, it was moved that the Assembly be moved to Duval.

The Assembly desires to be guided by the "Spirit of the proceedings that have taken place in a task of such importance and of such magnitude as to the line along which negotiations should be conducted, if they are to be successful in their aim to organize union.

"The Assembly are very thankful for the measure of unanimity achieved in a task of such importance and difficulty, and they refer that on the second Lord's Day of the month of October next, or the convenient day thereafter, they bring before their congregations the history of the negotiations, proposals contained in the report, the position of the Presbyterians regarding union with other churches, and the unique part played by the present movement in the history of Protestant Christianity.

"Inasmuch as the joint vote of the voting on the question should take place in a public hall, the three negotiating churches inasmuch as the general conference of the Methodist church will be held in the month of September, the Assembly agreed that the subject of the church at large should be brought before them at that time.

Send Out Copies of Report. They direct, however, that the report be sent down to the various sessions and congregations, in order that they be fully informed as to the situation, and be prepared to discuss it when it comes before them.

The Assembly suggest that the joint committee be authorized to prepare a report for popular use.

The Assembly express their confidence that members of union churches themselves ready to visitations from Presbyterians desiring to receive explanations.

Finally the Assembly of whole position to the intellectual and prayerful consideration of the church.
