Young People of Havelock Make Pres-entation and Read Address on De-parture of Arthur Coates.

Havelock, N. B., Sept. 6.—A number of the friends of Arthur Coates gathered at the home of Arthur's parents, Mr. and Mrs. J. W. Coates, of this place, where a very enjoyable evening was spent at games, music, etc. After refreshments were served a Bible was presented to Arthuf and the following address was read by H. A. Galland:—

Dear Friend and Companion:

Dear Friend and Companion:
Words will not express the extreme joy which we feel at meeting with you on this occasion, the eve of your departure to Mt. Allison to continue your studies so well begun in the Havelock Superior Scyhool. Although our joy is mingled with sadness at the thought of parting with you and there will always be a sense of vacancy in our numbers, we will watch your progress in your new educational life with steady interest.
You are going to an institution of world-wide fame; an educational home where your physical, mental and moral needs will be well attended to. And we have every confidence that you will prove yourself second to none of the thousands of students who have preceded you.
Your father and mother who are present with us will watch your career with the concern of which only fathers and mothers are capable, rejoicing at your successes and sorrowing at your failures. It will be a grand day for the parents when they see their son after graduating with honors from the university taking his position manfully in the forefront of the battle of life, proving himself inferior to none of his ancestors who have achieved noble deeds in the past. And remember, Arthur, that while at college your parents will be always pleased to hear from you. Their hearts would be grieved if but a single week should go by without their receiving the expected letter.
Our loss at parting with you will be largely compensated for, if, after you have attained to the high and noble career which you have outlined for yourself, and which your parents and brothers.

When your preparatory work at college is ended and you take your place is if the parents and bours as a learner.

CLOSING COTTON LETTER.
