The Lord during His abode in the world, fulfilled all things contained in the Word, and was thus the Word, that is the Divine Truth, even in ultimates.—I. O. R. No. 261—Swedenborg.

DEATHS

Duke—At Boston, on Oct. 2nd, Sarah, wife of James Duke.
Funeral from her late residence, 185 Waterloo street, Saturday morning, at 8 o'clock, to the Cathedral for High Mass of Requiem. Friends invited to attend.

In Memoriam—Mrs. John A. Stephenson. Died November 4th, 1909. Safe at Home; at Home with Jesus.

A MATTER OF WISDOM.

It is foolish to wear glasses if you do not need them, but it is worse than foolish not to wear them when you do. Consult D. Boyaner, Scientific Optician about your eyesight, 85 Dock street.

ANNOUNCE PERSONNEL OF C.P.R. WINTER STAFF.

M. Lafontaine Takes Place of A. H. Davis in Steamship Department—Party Will Arrive About Nov. 14th.

W. B. Howard, district passenger agent of the C. P. R., who returned on Wednesday from Montreal, announced that the passenger staff during the winter season at West St. John will include the following:—
Railway ticket department:—Messrs. Louis Sarasin, A. Phillips and F. Hamilton.

Steamship ticket department:—Messrs. Lafontaine, Belyea and Lamb. Interpreters:—Messrs. J. Roth and E. Anderson.

Messrs. Hyster and Hillaire will be clerks at Halifax, and J. Anderson will be the interpreter. The exchange agent has not yet been appointed to the position held last year by E. M. Desbriay, who is now travelling passenger agent.

A. H. Davis, who for a number of years was in charge of the steamship passenger work at West St. John, will be missed this year. M. Lafontaine, taking his place, Mr. Belyea has been promoted to the position held by E. M. Kelth, and Mr. Anderson succeeds Mr. Brunstrom, who also left the service last spring.

The men are expected to arrive about Nov. 14, in preparation for the Virginian, which is due at Halifax on the 17th and at St. John on the 18th. The ticket offices in the immigration shed at West St. John have been enlarged in expectation of a big winter's business. Instead of two, as formerly, there will now be four ticket windows, and this will prevent any delay in ticketing the passengers.

It is said that the authorities are considering the advisability of having all passengers destined for the United States examined by the Canadian Inspectors before being passed along to the American commissioner. If put into effect, this would cause considerable delay in despatching the passengers.

SEGEE CASE BEFORE COURT AND ADJOURNED

Question Raised as to Jurisdiction of Police Court in Matter—Comes Up Again Next Thursday.

The two cases on complaint of Dr. Silas Alward, against John A. Segee, for assault, came up for hearing in the police court yesterday afternoon at two o'clock. Attorney General J. D. Hazen appeared for the prosecution, and George W. Fowler, K. C., of Kings Co., for the defendant. The attorney general stated that in conversation with Mr. Fowler, the latter admitted the title of land would be raised and if the title was successfully raised the case would be out of the jurisdiction of the police court. The attorney general therefore suggested that the case be taken up as a preliminary one and if there was sufficient evidence then the matter could go to the supreme court.

Judge Ritchie said that he thought that if this court did pass it would not be final, but if it went to the supreme court the case would be finally settled. It was agreed to adjourn the case until Thursday afternoon next at 2 o'clock.

Mr. Fowler asked that the deposit of \$40 be up for the Segee's appearance be given to Mr. Segee and the defendant be allowed out on his own recognizance. His honor said that he had taken the deposit in lieu of bail, that it has always been the rule of the court to hold the deposit and the \$40 was left with the court.

It was suggested by the attorney general that if the Segee's did not get to the city on Thursday next the matter could be adjourned for another week.

CHILD ACTORS SCORE IN THE GONDOLIERS

Baby Grace Particular Favorite Being Called on for Three Encores—San Toy to Be Repeated.

The Lilliputian Opera Co. sang "The Gondoliers" in the Opera House last evening to a large and well pleased audience. The performance was in every way an excellent one. Baby Grace, the tiny prima donna, sang "I'm Going to Tell on You," and received three encores for her very clever work. Another little singer, "I Want a Postal Card," and was also heartily encored three times. All the children were heard to excellent advantage in their various numbers and sustained their parts with all the finished artistry of adult performers. Tonight's bill will be San Toy and on Saturday afternoon this will be repeated. After the matinee Baby Grace will hold a reception on the stage and every child attending will receive a souvenir of the event. Saturday evening the bill will be the favorite opera Pinaflore, in which the children created such a favorable impression on their opening performance.

Police Reports.

A bunch of keys found in the Catholic burying ground on Sunday last was left in the central police station yesterday where the owner can receive the same. A box containing hardware found on Main street, was placed in Leonard's store at Indian town awaiting an owner. Four pairs of mittens, found hanging outside J. E. Cowan's store on Main street on Wednesday night, were taken to the North End station. A string of prayer beads found in the street Wednesday night wait the owner at the Central Police station.

ELMS AND MAPLES FOR GERMAIN ST.

Prof. Macoun Tells Arboricultural Society These Trees are Best Suited for St. John—In Other Cities.

Prof. W. T. Macoun, Dominion horticulturist, delivered an interesting address on the planting of street trees and city beautifying before a meeting of the Arboricultural Society held in the board of trade rooms yesterday afternoon. Col. Geo. West Jones presided.

In introducing the speaker he said the society as yet was small, but they hoped to grow like the trees they intended to plant. Already they had received to trees which would be planted this fall and arrangements were in progress to plant 350 trees next spring. The society would not confine its efforts to planting trees, but would try to encourage interest in beautifying the city generally.

Prof. Macoun said he was glad of the opportunity to address a society having for its object the realization of the city beautiful.

There has been a great awakening of public sentiment, he said, in beautifying the streets and the towns and villages of Canada. Possibly this was due to the fact that the people were growing richer, visiting other places and realizing that our cities and towns were behind the times in the matter of public ornamentation. At any rate it was encouraging to note that the antipathy of the oldtimers to trees was giving place to a new conception of their usefulness, and a determination to improve our cities in as many ways as possible.

Beauty in the West.

The western towns are doing more to bring beauty into the west than the older eastern cities. Lethbridge, Calgary and other towns were constructing fine boulevards and spending large sums to beautify their streets and environs.

Ottawa was also waking up. In Ottawa they had a number of societies engaged in city improvement work. The Arboricultural Society there had at one time 1000 members. It holds monthly and annual exhibitions with a view to arousing interest in the care of gardens and also undertakes to distribute seeds and flowers. In recent years Ottawa has also held a children's flower day under the auspices of the women's organization. In other ways they seek to encourage children to care for gardens.

In St. John, he continued, there were some difficulties to be met with in beautifying the streets and premises. The city was built more like an English than a Canadian city—the sidewalks came right up to the houses, prohibiting front gardens on an extensive scale.

Continuing, the speaker said that the American elm seemed to be doing better than other trees in St. John. The elm was a popular tree, and it had the advantage of leading itself to high pruning—a consideration of importance in narrow streets. Norway maple also seemed to flourish here. It grew well, however, when pruned high.

Window Boxes.

One way the society could exercise an important influence was in encouraging the use of window boxes. It should undertake to provide such boxes at small cost. If 150 members of the society were to have a window box, the practice would spread over the city in a few years.

Something could be done also in the way of encouraging the growth of vines over the front of the houses. One of the best vines was the self-climbing Virginia creeper. The horticulturist department at Ottawa would be glad to supply 1,000 cuttings of this vine for planting here. The vine could be planted in the alleys, and led round to the front of the house.

The Mayor would the planting of shrubs improve the appearance of King Square? It looks rather barren now.

Macoun advised the planting of honeysuckle, lilacs or other shrubs on the Square.

W. Hawker thought moderate growing trees were best suited for the narrow streets of St. John.

To the Mayor the professor said the city of Ottawa gave nothing to the local arboricultural society, though it got a grant of \$1 per member from the provincial government. The federal government had spent \$100,000 in beautifying the drive-ways. The city council had passed a motion to appoint a tree expert.

The mayor in a brief speech, extended the thanks of the society to the speaker for his instructive address.

LADIES' AUXILIARY OF EVERY DAY CLUB

Proposal Made at Meeting Held Last Evening to Settle Up Accounts of Recent Fair.

A ladies auxiliary in connection with the Every Day Club will probably be organized in a short time. The question was discussed at a meeting of the ladies and gentlemen who conducted the recent fair in the E.D.C. hall, last evening, and the idea met with a favorable reception. B. L. Shepherd, the treasurer, submitted a full and interesting statement of the recent fair, showing that it had proved a financial success as well as socially. The accounts were passed and a hearty vote of thanks extended to Mr. Shepherd.

Afterwards a committee was entertained by the ladies and other members of the club. An impromptu programme in which the following took part was carried out: Mr. and Mrs. Collins, Mr. Cummings, Mr. Tacketts, C. F. Humbert and Miss J. J. J.

Do your baking with flour made exclusively of the HIGH-GRADE constituents of the HARD-WHEAT berry

Have you ever baked with flour made exclusively of the high-grade constituents of the hard wheat berry? If you haven't, now is the time to try PURITY Flour.

Only the cream of the Manitoba hard wheat—the best wheat in the world—is used for PURITY Flour. More than that, only a portion of the flour milled from this wheat goes into the sacks and barrels branded PURITY.

PURITY Flour consists exclusively of the high-grade constituents or portions of the Manitoba hard wheat berry.

Every wheat berry has both low-grade and high-grade constituents which are separated during our process of milling. So exact is our process that it entirely eliminates all the low-grade portions from the flour which is finally branded PURITY.

The greater strength of PURITY Flour makes it go farther in the baking. With it you can make

more loaves to the sack or barrel than you have ever succeeded in doing before. The loaves will be more nutritious, too, because they contain the high-quality gluten, starch, phosphates and other muscle-building and blood-enriching elements of the hard wheat berry.

Naturally flour that consists exclusively of the high-grade constituents of the best hard wheat has greater strength and nutrient, superior color, more delicate flavor.

If you'll just try to realize fully what it means to your cooking—reputation you'll soon be using PURITY Flour.

Of course, PURITY Flour will cost you a few cents more than lower-grade hard wheat flour or soft wheat flour.

But PURITY is very economical because it makes "More bread and better bread." The cost per loaf is no more than when using weaker flour, and the food value is much greater.

Tell your grocer you are in a hurry to try PURITY Flour. He will supply you promptly.

When you see the batch of beautiful snow-white loaves, with their soft, evenly-textured crumb and dainty golden-brown crust, you'll be proud of your success with PURITY Flour. When you taste and enjoy the superb flavor of such high-class bread you'll be prouder still.

If you don't want to buy a large sack or barrel, you can get a small bag. PURITY is packed in 7, 14, 24, 49 and 98 pound sacks. Also in barrels and half-barrels.

Make certain the PURITY trademark is on the sack or barrel you buy, for that is your guide to the strong, reliable, high-quality flour that makes

"More bread & better bread"

Make Your Toast Right at the Table WITH OUR ELECTRIC TOASTER

You have only to connect it with the light socket and turn on the current. In almost "no time" the coils are aglow and you can make piping hot toast just as fast as people can eat it.

DROP IN SOME TIME AND SEE THEM.

DR. P. H. BRYCE SEES CHANGE IN THE EAST

Domioion Immigration Officer Finds Everywhere Evidence of Growth and Prosperity—Pleased With Apple Show

Dr. P. H. Bryce, of Ottawa, Dominion medical inspector of immigration stations, was in the city yesterday on business.

Other recent visitors here were G. W. Shaughnessy, Fredericton; Ed. Carter, Annapolis; and P. D. Ross, St. John.

Mr. Logan, St. Mary's, with a crew of men, has gone out to York Mills today to inspect the new government bridge.

Last evening in the church here a highly successful missionary entertainment was given by the members of the Mission Band.

The following programme was rendered:—
1.—Hymn 569, Book of Praise.
2.—Recitation, "What my penny can do," Mabel Lester.
3.—Recitation, "The best she knew," Gladys Hunter.
4.—Hymn 536, Book of Praise.
5.—Recitation, "Because the Word," Annie Barrell.
6.—Reading, "Harry's Missy Potato," Carrie Hunter.
7.—Hymn, "Somebody," Mary Robinson, Dora Hunter and Ella Robinson.
8.—Recitation, "A history," Ella Hunter.
9.—Recitation, "The country past and present," Basil Harris.
10.—Hymn, "The World Children for Jesus."
11.—Recitation, "What if the light went out," Hazel Hunter.
12.—Recitation, "Ten little fingers," Lawrence Morgan.
13.—Hymn 152.
14.—Recitation, "A great gift," Roy Hunter.
15.—Reading, Alice Robinson.
16.—Offering.
17.—Recitation, "Mr. Small's Example," Harry Watkins.
18.—Dialogue, "The Junior's Dream."
19.—Closing Hymn and Benediction.

The offering amounted to about \$8. Much credit is due the president, Mrs. Jas. Hunter and the organist, Miss Annie Robinson for the success of the meeting.

Mrs. Bert Campbell of Flume Ridge was taken to St. Stephen Hospital and operated on for appendicitis on Tuesday. She is doing well.

G. Claghorn, Jr., South Tweedside, accidentally discharged his gun while shooting partridges, and as a result he will lose one toe.

Mrs. M. Hurley, Acton, is to be taken to Fredericton Hospital for treatment for internal tumors.

James Rosboro, Acton, who is in Fredericton Hospital, is recovering from tuberculosis of the bowels.

Rev. Dr. Smith of Fredericton and Mr. Girwood, of Prince William, will be here to address a meeting on November 10th.

HOLD MISSIONARY CONCERT AT HARVEY

Full Programme at Interesting Event in Presbyterian Church—One Man Shoots Off His Toe—Personal.

Harvey Station, N. B., Nov. 3.—James Wood, St. John, representing S. Arscot & Co., was here last Saturday on business.

Other recent visitors here were G. W. Shaughnessy, Fredericton; Ed. Carter, Annapolis; and P. D. Ross, St. John.

Mr. Logan, St. Mary's, with a crew of men, has gone out to York Mills today to inspect the new government bridge.

Shiloh's Cure
quickly stops coughs, cures colds, hoarseness, throat and lungs. 25 cents.

Worth Looking INTO

is the inside of a boot for the school boy if that boot is bought at Steel's Shoe Store, North End, and this is why:—The inner sole, which is the very backbone of the boot, is solid leather, not a composition of any kind.

That means you can get them repaired satisfactorily. They are also smooth, making them easy to wear.

If you could see under the lining, you would find that the counter was also solid leather. This is the result. If you have been having trouble with the boy's boots, get your next pair at Percy J. Steel's, 519 Main Street, and your troubles from that source are ended.

Rev. Dr. Jacoby, who will take part in the Torrey Mission, is in many respects the most interesting member of the party.

As principal of the Moody Bible Training School, he has done a wonderful work and in religious circles is frequently spoken of as "the best loved man in Chicago."

In his youth Mr. Jacoby saw service in both the navy and army, taking part in many of the famous battles of the Civil War. He was taken prisoner and several times wounded. He also served with General Custer in the Mexican War.

Tonight, at the Queen's Rink, the choir, general committee, and personal workers will hold a grand rally and make final arrangements for the big meetings on Sunday.

Temple Fair Winners.
The Temple fair in the Temple building last night was well attended. The bean board prize for gentlemen was won by F. Mitchell, who got a Jack knife.

The ladies prize was a pair of slippers, won by Miss Campbell. Dr. Nase won a fountain pen in the Ping Pong game, and a leather purse in the nine pins game. Today will be known as Children's day, and there will be two lucky ticket prizes. For the boy there will be a watch, and for the girl a doll. Supper will be served from six to eight o'clock. The door prize will be a merchandise pile.

C. T. Rogers, of Woodstock, was at the Victoria yesterday.
