Bir Robert Borden, last evening, plainly stated the position of the Government of the grant of the subscription of the authorities at Ottawa.

The school course of study is pretty stiff. It is planned to make the normal child work as hard as is good for a boy or girl to work.

Bacon Gandwiches

Wisps of breakfast bacon, delicately broiled, make the most appetizing of sandwiches, especially if put between toasted sippets of raham bread. The small shreddings of bacon must lie on lettuce and be seasoned with paprika or red pepper. These are as appetizing cold as hot.

There is only one way to be sure of the condition of a child's eyes. That is by having a careful, complete examination made by a competent eye expert. Unless you have such an examination made you are not giving your child a square deal.

At the regular sitting of the Supreme Court Chancery Division, held before Mr. Justice Grimmer, a take was set down for trial on the liftest of November which will no doubt prove of unusual interest. The case is that of Rosborough, executor of the late Dr. James Walker vs. St. Andrew's church. This suit is the result of complications arising out of the will of the late Dr. Walker of South Bay. The deceased during his lifetime had a \$30,000 mortgage on St. Andrew's church, and by his will left this mortgage to the church. After his death it was discovered that the mortgage had previously been assigned to his son. The church now refuses to pay interest on the mortgage, claiming to be entitled to the \$30,000. It has been contended that as it was clearly the intention of the testator to leave the mortgage to the church, it having been previously assigned. clearly the intention of the testator to leave the mortgage to the church, it having been previously assigned, that the amount should now be made good out of the son's share of the estate. This is the question that is to be decided. Barnhill, Ewing & Sanford are the plaintiff's solicitors, and Dr. Baxter, K. C., will appear for St. Andrew's church.

In the case of Henry V. Peck and H. Colby Smith vs. Frank McHugh et theirs of Hugh McHugh, a partition and sale of certain lands in the parish of Simonds was ordered by consent of three of the defendants who appeared. D. King Hazen appeared for the plaintiffs and D. Mullin, K. C. and W. J. Mahoney for some of the defendants.
