GERMANS PLAN FOR COLONIZATION IN PART OF MEXICO

Mexico City, Oct. 21.—Concrete evidence of German colonization plans for Mexico was revealed here today with the announcement of an enterprise for the irrigation of 200,000 hectares of land in the Puerto river valley, in the State of Sinaloa, where thousands of German emigrants are expected to buy small parcels of land on a twenty-year payment plan.

Wash the Little
Folks' Dainty Gar-
ments with Lux

It is easy to keep the children's dresses and delicate woollens fresh, sweet and clean by washing them with Lux.

Lux will not harm any garment, however delicate or dainty that pure water itself will not injure.

The whole secret lies in the matchless purity of the little satiny Lux flakes.

Lux is manufactured in a very special manner, and is absolutely pure; in fact, no form of soap essence can be made in a purer form.

There is no substitute for Lux. There is nothing like Lux. Lux is in a class by itself.

Lux is on sale at all Grocers, Departmental Stores, etc.

A handy little recipe booklet, entitled, "The Care of Dainty Clothes" will be gladly sent free on request.

Common Council Meeting Yesterday

Demand for Local Investigation
of Cost of Living and
Complaint from City Team-
sters Among Business
Transacted.

A demand that the city authorities take measures to provide for a local investigation of the cost of living, and a complaint that the city teamsters were not getting an increase of wages, were among the matters before the meeting of the city council yesterday. Commissioner Bullock recommended that the lease now held by Peter Chagnon of lot on the northern side of walk or roadway leading along Rodney Street on the western side of the harbor which expires on the 1st day of December next, be renewed to him for another term of one year at an advance rental of \$300, payable monthly and on some conditions as present lease.

Commissioner Bullock—This is an increase of 100 per cent. since I came into office.

The recommendation was adopted.

The following recommendations were adopted without discussion:

1. That the city take three pages of advertising space in the papers at a cost of \$83 a page to assist the local Victory Loan Committee in its work.

2. That the salary of Miss Dorothy Nixon, who has been appointed by the Chairman of Assessors as a permanent clerk in the Assessors' office, be fixed at \$600 per annum.

3. That the amount of the estimate of cost for renewing the cross wharf between the North and South Rodney wharves be further increased by \$100, and that the final estimate of the City Engineer on Richard R. Lee's contract amounting to \$888 be passed for payment by the Controller when sufficient time has elapsed that no liens may lie against the work.

The committee of the whole recommended that the offer of S. C. Tibbitt of \$500 for a conveyance in fee simple of lot No. 1 on the Mangonish road, in the Parish of Lancaster, as set out on the plan of city lands in said parish set out by the Town Planning Commission, Mr. Tippet having agreed with the commissioner of harbors, ferries and public lands that the lot will be built on within a reasonable time and that the cost of the proposed house will not be less than \$5,000; also that the said house will be located on the lot according to the lines as prescribed by the Town Planning Commission. Adopted.

A communication was received from J. H. Beattie, secretary of the Teamsters and Chauffeurs' Union, saying the city teamsters had not been included in the scheme for advancing the wages of city employees 50 cents a day, and asking that the oversight be remedied.

Commissioner Fisher moved that the letter be received and a copy of the resolution passed by the council sent to the union. This would show that it had been left to the discretion of the individual commissioners to deal with wages.

Acting Mayor Bullock—"There should be no question of an arbitrary attitude."

Commissioner Fisher—"The resolution simply pointed out that the proper course for the teamsters to pursue was to lay their case before the commissioner concerned. He was prepared to consider the case of teamsters in his department."

Commissioner Jones—"So am I."

Commissioner Fisher's motion was then adopted.

Commissioner Fisher said a year ago the city arranged for the purchase of curb stone to be used on Douglas avenue and City road. Morrison & Newlands had contracted to deliver 10,000 feet at \$1.10. They had only delivered a small portion. The contract could be cancelled and the deposit forfeited, but curbstone now would cost about \$2.00.

Commissioner Fisher moved that

Morrison & Newlands be granted an extension of time to July 1st, 1920. The motion was adopted.

Commissioner Fisher moved that Frank Wade be paid for his work of curb setting during the year and allowed to withdraw \$100 on his deposit explaining that Mr. Wade had carried out as much of his contract as possible.

The motion was agreed to.

Commissioner Thorburn submitted a bill for replacing tubing in a boiler in the police court. Amount to \$280. Ordered paid.

A letter was received from J. H. Frink complaining that the council had not acknowledged a letter dealing with the question of encroachment on North Market street. Referred to Common Clerk.

George Melville wrote that the Trades and Labor Council had adopted a resolution calling upon the city authority to make a move to secure the appointment of a local commission under the Board of Commerce to investigate the cost of living in St. John.

Commissioner Fisher—"The Mayor has done something in the matter. Hasn't he?"

Acting Mayor—"I think he made arrangements to have a committee of women appear before Mr. O'Connor."

On motion the matter was referred to the Mayor, who is away.

Salvation Army Executives Here

Commissioner Richards, Colonels MacMillan and Chandler and Adjutant Richards Arrive in City En Route to Halifax—Hold Business Session—Welcomed Last Night.

St. John was visited yesterday by three of the highest ranking officers in the Canadian Salvation Army—Commissioner W. J. Richards, commander for Canada, Bermuda, and Newfoundland; Colonel John MacMillan, chief secretary, and Colonel Alfred Chandler, chief military secretary. They were accompanied by Mrs. (Colonel) MacMillan and Adjutant Daniel Richards, who is on furlough from Buenos Ayres.

The party was en route to Halifax, where the annual congress of officers located in the Maritime Provinces will be held this week. This congress, which alternates between St. John and Halifax, should have been held last fall but was postponed on account of the prevalence of Spanish influenza.

While in the city they visited the various Red Shield properties; the Evangelical Hospital, on Princess street, the Military and Naval Hotel on Prince William street, the working man's hostel on St. James' street, the Motropole on Britain street, and the citadel and barracks located at various parts of the city.

It is expected that the workingmen's hotel, on St. James' street, will be ready for occupation before the winter port opens, as one of the objects of the institution is to provide comfortable individual rooms for the average workman.

Re-Organizing Eastern Divisions.

The matter that will be taken up at the congress in Halifax, Colonel MacMillan stated last night, is that of the new formation of the Maritime Provinces into three divisions instead of two as formerly. This change, as the Standard already has stated, will consist in creating a new division out of the Island of Cape Breton, with headquarters in Sydney, Nova Scotia.

The St. John branch will in future comprise New Brunswick, Prince Edward Island, Bermuda and the town of Amherst, in Nova Scotia.

Celebrating Jubilee.

This is Jubilee Year for the Salvation Army, the colonel stated. The jubilee year rally fell on 1914 but owing to the war no celebration of the event could be held. Though the Salvation Army is really entering its 65th year, the jubilee is being celebrated with the fervor throughout the civilized world.

Message from the King.

In this connection the following letter from King George to General Bramwell Booth and forwarded to Commissioner Richards, is interesting:

"On the occasion of the jubilee of the Salvation Army I heartily congratulate you and its members on the mighty achievement of the system founded half a century ago by your distinguished father. By its works of love and mercy both in peace and war the Salvation Army has become honored and endeared to the hearts of the nations of the world."

GEORGE, R. I.

One of the interesting events at Halifax will be the laying of the corner stones of the new maternity hospital by Commissioner Richards and Lieutenant Governor McGregor Grant. The building, which will be one of the finest in Canada when finished, is the joint gift of the citizens of Halifax and the Dalhousie University.

Commissioner Richards has but recently returned from a two months' tour of the European battle-fields, a trip which included practically every Canadian and British front and covered some thousand or more miles. He visited the various reserve depots, interviewed the Canadian soldiers not then demobilized, and also had several conferences with General Booth, taking up the questions of vital importance to the work in Canada and which will have definite application in the near future.

It was the privilege of Commissioner Richards, while in France and Flanders, to take photographs of many of the Canadian graves there, which he will distribute to the relatives in this country. He also investigated the results of the war activities of the Salvation Army "over there" and found nothing but praise on every tongue.

General Bramwell Booth, he reported, during his first visit to Canada this February and though his itinerary is not scheduled, it is expected that he will tour the whole Dominion.

Last night the visiting officials, accompanied by Brigadier D. C. Moore and the local officers left for Halifax where they will officiate at the Maritime Congress.

Colonel Chandler, welcomed, military and social secretary for the Dominion, was given a rousing reception by the local officers in the Charlotte street Citadel, Brigadier Moore presiding.

Addresses of welcome were delivered by Ensign Major, Woodstock, representing the field officers; Commandant Sheard, representing the men's social activities; Ensign Condit, for the local military work and Adjutant Ursaki, representing the general work in the city.

Colonel Chandler, after making a suitable reply, gave a short but interesting address on "God Wants a Man." The chief qualifications of the godly man, he pointed out, were cleanliness, kindness and prayerfulness, and from his 30 years' experience as a Salvation Army soldier he told of the methods the organization is using, and the success attained, in reaching and interesting such men, and in building such characters from rather common clay.

Among the many interesting musical numbers that comprised the programme, nothing gave such great pleasure as the solos by Adjutant Daniel Richards, son of the commissioner, who is a versatile wizard when he gets a concertina in his hands. Most of the officers of the Salvation Army are noted for their musical ability, but in this young officer the talent is developed to the nth power.
