PICTOU FARMERS ON ANNUAL PICNIC. Truro, N. S., July 10.—(Special)—Nine cars full of Pictou county farmers arrived here in the train this morning on their annual picnic to the provincial farm. As the train ran on to the Y. just east of the station, one of the cars was derailed and very narrowly escaped going over the bank. All were safely landed, however, and the weather cleared up later though the day so that all seemed to enjoy the outing and to have a thoroughly good time. The town was done up in good style and many even did Victoria Park and all the other attractions around Truro. Most of the company, which numbered about 700, had their lunch baskets with them, but over 100 had meals served to them in the basement of the agricultural college. In the afternoon a programme was carried out, when most of the visitors gathered in the circular pavilion near the college for an hour or two. L. Governor D. O'Farrell was up from Halifax and was prominent among the speakers.

TWO NOVA SCOTIA FISHERMEN DROWNED. Halifax, July 11.—(Special)—Two lobster fishermen named Alex. REJECTS SENATE AMENDMENTS

House Will Not Stand for Emasculation of Sunday Act. Remarkable Escape of George Watson, a North End Boy. RESCUED WITH AID OF PIKE POLE. Hard Work Revives Lad After John Currie Gets Him To Surface, and He Was Sleeping Last Night Apparently Recovered—Fell Into Mud a Few Weeks Ago.

Ottawa, July 11.—When the Sunday observance bill was received back by the commons at 8 o'clock, Mr. Aylesworth moved that the amendment by the senate changing "Lord's day" to "Sunday," be not accepted. This was carried. Mr. Aylesworth also moved that the striking out of "public," in the definitions of a provincial act, be not accepted in without being accompanied by the words "the charter of a municipality." Mr. Aylesworth also asked the house not to concur in the amendment which permitted all kinds of "express matter" being carried, handled and dealt with on Sunday. He moved that "express matter" be struck out. If the amendment proposed the making up and dispatching of freight trains on Sunday. This was adopted.

Mr. Aylesworth also moved that the amendment in section "8" giving power to a railway to run on Sunday be struck out and confined as the commons made it to "ocean going vessels." The motion was carried. A couple of minor amendments by the senate were concurred in. The words inserted in section "8" giving power to a railway to run in connection with an international treaty, was refused by Mr. Aylesworth, as it amended a principle of the statute. The amendment of the minister was carried. As to the use of the word "require," instead of "permit" by the senate for a railway to run on Sunday, Mr. Aylesworth concurred, because it might endanger the bill to strike out and send back to the senate.

ASSASSIN FATALLY WOUNDS CHOUKININ, RUSSIAN TYRANT. Admiral Had Been Sentenced to Death Twice for His Cruelty to His Sailors. THREE ST. JOHN MACHINISTS WILL NOT BE DEPORTED. Men Who Went to Work with Nail Company in Illinois are Exempt as Their Places Couldn't be Filled.

St. John, July 11.—An attempt was made at 1 o'clock this afternoon to assassinate the late Admiral Choukinin, commander of the Black Sea fleet. The admiral was wounded and taken to a hospital. Admiral Choukinin's condition is extremely serious. The bullet lodged in his lung, making breathing difficult. The doctors hold out no hope of his recovery. The admiral's assailant is thought to be one of the half-breed of the late Orlanokoff and his act is supposed to be in revenge for the execution of Lieut. Schmidt, the revolutionary leader, Admiral Choukinin was universally hated by his sailors and at the time of the execution of Schmidt the revolutionists condemned him to death, 100 of them signing the sentence. This is the second attempt since Schmidt's execution March 19 of this year. The first attempt was made by a woman, and after her effort had failed, Admiral Choukinin ordered her to be killed on the spot and his orders were carried out. The admiral was again condemned to death by the revolutionists. His name was never mentioned among his sailors and he was accompanied by a nurse on account of his overbearing and severe manner.

FAMOUS INDIAN BELIO BLOWN INTO FRAGMENTS. Washington, Pa., July 9.—Indignation has been aroused in Washington county by the destruction of the "Painted Rock," near Hillsboro. On the top of a hill rise three massive, vertical, red sandstone pillars, carved by Indians with figures of men, bears, wolves, snakes and all manner of animals. The rock was visited by thousands from all parts of the country. It stood on land owned by Joseph Horner, who became angered by the conduct of visitors Saturday and blew the historic altar into fragments with dynamite. Horner says he did it in self-protection, as his farm was being ruined. Hundreds of learned men in the United States, England and France have examined the rock and have written about it in works designed to solve the origin of the North American Indians. For more than 100 years it has been considered one of the most important remains of the written characters of the Indians.

THE LADIES' AUXILIARY, A. O. H., has elected the following delegates to the convention in Halifax: Mrs. Gertrude McCarly, Mrs. M. T. Cavanaugh, Mrs. E. Finnegan, Mrs. J. W. McCarly and Miss Kate Henessey and Ella Neil.

REMARKABLE ESCAPE OF GEORGE WATSON, A NORTH END BOY

Remarkable Escape of George Watson, a North End Boy. RESCUED WITH AID OF PIKE POLE. Hard Work Revives Lad After John Currie Gets Him To Surface, and He Was Sleeping Last Night Apparently Recovered—Fell Into Mud a Few Weeks Ago.

Another minute and he'd have been all in. So said John Currie, a man who saved George Watson, a North End boy, from drowning near Long wharf yesterday afternoon. The lad was under water at least ten minutes and when brought to the surface by a pike pole in the hands of Mr. Currie, he was to all appearances without life. Late last night in his father's home in Moore street, he was sleeping tranquilly, but earlier in the evening had occasioned his parents much anxiety. "I had one of the priests from St. Peter's church here, remarked Mr. Watson, for the boy was pretty sick. He was on the bottom for ten minutes." Young Watson is fond of fishing and loves to roam around the timber pond and edgewater wharves. About a fortnight ago, when the tide was out, he fell off a wharf into the six-foot kind of mud. The drop was about fifteen feet and, coughing up black sludge, he was rescued by a pike pole, and the following day was as hearty a youngster as ever.

At 3 o'clock Wednesday afternoon, with few changes, he was perched upon Long wharf fishing. There was perhaps twelve feet of water beneath. Different stories as to how he lost his balance and fell into the mud have been told, but at all events he shot below the surface and did not reappear. His chumlike so many monkeys, climbed to the top of the wharf and with a few minutes the neighborhood knew that a tragedy was possibly impending. To the Lad's Rescue. Mr. Currie is employed in Sayre's mill at the head of the wharf. He seized his longest pike pole and sprang for the place where the boy had fallen. He was not certain that Watson was directly beneath the spot where he had vanished. The boys had just seen him whirl down, heard a prodigious splash and then the water was as calm as before.

Mr. Currie commenced to feel around with the pole. A few guarded prods and presently something soft and yielding was touched. A detestable snarl or so and whatever it was had been securely caught. The burden from the depths was the boy and to those who watched it looked like a basketful of mud. The boy was dripping and shivering and still. Gathering him up in his arms, Mr. Currie hastened to the engine room and meanwhile Dr. J. P. McInerney had been telephoned for, also the ambulance. The boy was stripped, rolled on a barrel and placed in the ambulance. The ambulance was driven to the hospital. Mr. Currie has saved boys before and at his home in Main street Wednesday discussed his recent act of rescuing the boy. "I should take the trouble to refer to his exploits. 'Did I get the Watson boy?' I said in answer to a query. 'Oh, yes, I saved him the man.' 'Well how did you get him out? What did you do?' 'Me? Oh, I just took the pole and fished him out. Why did I do that? Well, he was another minute and he'd have been all in.'

ANGELIC SYNOD MET TUESDAY

Standing Committee Recommends Appointment of Coadjutor Bishop. DEBATE ON IT WEDNESDAY. Salary to Be \$2,500 a Year and Present Incumbent to Get \$4,000—Reports from Different Parishes Encouraging—Resolution Carries to Aid Divinity Students at Denominational Colleges.

Fredericton, N. B., July 10.—The thirty-eighth annual meeting of the diocesan synod convened in Church Hall with about one hundred delegates present. In the absence of Bishop Kingdon, through illness, Archbishop Neales, of Woodstock, presided. Secretary Canon Newnam, in calling roll of the delegates gave out the information that Rev. L. A. Hoyt of St. John had been appointed canon of the cathedral, which announcement was heartily applauded. The minutes of last meeting were read and the nominating committee appointed. The chairman delivered a brief address in which he referred feelingly to the severe illness of Bishop Kingdon and expressed the hope that he would be speedily restored to health. He stated that the Bishop had absolute confidence in the judgment of the synod to deal with matters coming before them.

Archdeacon Forsythe and Neales were appointed a committee to present an address to the bishop congratulating him on the twenty-fifth anniversary of his consecration as bishop, and this took place at four o'clock this afternoon. At the same time members of the press were excluded and the standing committee presented a resolution which was adopted. It is understood the report recommended the appointment of a coadjutor bishop at a salary of \$2,500 per year. It recommended the salary of the present bishop to be \$4,000 per year. The salary of \$1,500 paid to the dean of Fredericton will be made up in other ways. The synod decided to deal with the report in open session tomorrow and the resolution is postponed. The resolution was taken up with hearing reports from various committees and parishes.

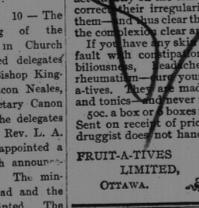

Parish Reports. The reports from several parishes were then read. Rev. E. D. Dobbie presented a report of the report for the parishes of Burton, Blissett, Gladstone, Maudslayi and Lincoln. He dwelt especially upon the work of the parishes of Burton, which has been most encouraging of late. In this parish services have been held regularly, a class prepared for confirmation, a number of improvements made to the church property; \$87 has been pledged by the church for missionary work, and \$30 by the ladies. In all the parishes for which Mr. Dobbie reported the condition of church work is generally satisfactory. Rev. J. E. Fawcett told of a year of satisfactory work at Canterbury. All the church services have been well attended. Archdeacon Forsythe reported an unfortunate year at Chatham, a year marked, however, by steady work. The various guilds have aided materially in the parish work. Archdeacon Forsythe felt deeply the death of Mrs. S. Hockley, who placed upon it for missionary work, \$100 for diocesan missions, \$50 for Canadian and foreign missions.

Rev. T. W. Street, in reporting the year's work at the cathedral parish, made appropriate reference to the death of Dean Hartigale. He spoke encouragingly of the state of the church work in the parish. The report from Gasquet was given by Rev. J. Spencer. It told of no events especially noteworthy in connection with the church work during the past year, but reported twelve months of steady activity. Rev. Mansel Shewen, reporting for Greenwood, acknowledged generous gifts from friends of the work in St. John, K. Y. and a lot from Allan Appleby in memory of his father. Mr. Shewen spoke also of the new church at Queenswood and the progress of work in the parish. A comparatively uneventful year's work at Harwood was told of by Rev. W. J. Wilkinson. He was able to report, however, that church work in the parish had been carried on with a good measure of success. Mr. Wilkinson made feeling reference to the death of his wife.

Rev. A. W. Smith, in his report for Harvey, Hillsboro and Hopewell, spoke of the continued growth of work in Albert county. He referred also to the loss sustained by the church people of Hillsboro through the destruction of church property and of generous gifts made by friends of the church. Mr. Smith made reference further to the appointment of Frank Gaskill as lay reader to assist in the work of the parish. Rev. W. H. Sampson, for St. George's, Carleton; Canon Montgomery for Kingsclear, W. Lobb McKel for Lancaster, E. B. Hooper for Moncton; R. W. Colton for Peterville, also presented reports. Noticeable in Mr. Colton's report was the statement that charges made at Church Depository for books are higher than they should rightly be. All the members of the synod refused to talk of the action taken during the short time that the body met behind closed doors. It is understood, however, that the report of the standing committee which was then received outlined a plan deemed to be most desirable to be followed in regard to the appointment of a coadjutor. The matter will be the first order of business on Wednesday. The general understanding is that his lordship will make a nomination from that number and the synod will thereupon proceed to the election of a coadjutor. It is also stated that he is not at all probable that the synod will go outside the diocese for persons to suggest to Bishop Kingdon for nomination as coadjutor. At the afternoon's session reports were submitted by Canon Richardson for Trinity church, St. John; Rev. J. R. Dewell for St. John's church, Fredericton; Canon Hoyt for the parish of Simonds; Rev. Mr. Winfield for St. Stephen, Arden; Rev. Mr. Neales for Woodstock; Rev. Mr. Bacon for Musquoddy, and Rev. Mr. Scoville for St. John's, St. John. All were of most

Boils and Pimples

Red Rash, Eczema, in fact any skin disease, disfigures the complexion because the bowels are constipated—or because the kidneys do not rid the system of waste—or because the skin itself is unhealthy. Ointments, salves and soaps are useless. Because the trouble is with the blood. Owing to defective action of bowels, kidneys or skin, the blood becomes laden with impurities. It is these impurities—deposited by the blood—that make boils, pimples, and painful, disfiguring skin diseases. Because the trouble is with the bowels, kidneys or skin, that FRUIT-A-TIVES cure these diseases.

FRUIT-A-TIVES LIMITED, OTTAWA. FRUIT-A-TIVES are actually on the eliminating a gas-corrected their irregularities, strengthen them—and thus clear the skin and make the complexion clear and soft. If you have any skin trouble—or any fault with constipation, liver troubles, indigestion, rheumatism—or yourself with Fruit-a-tives. They are made of fruit juices and would establish a bad precedent. See a box or two for \$2.50. Sent on receipt of price if your druggist does not handle them.

hopeful nature and reported that the past year had been a prosperous one. Will Record Spontaneous. Canon Newnam presented a resolution altering section 8 of canon XIX. It provides that canon may be changed in one month's notice instead of one year's notice. The resolution was approved. On motion of Rev. Mr. McNeill it was decided that records of baptism in future should include names of sponsors. Rev. Mr. Cowie presented a resolution to permit the board of education to grant financial assistance to divinity students attending collegiate institutions approved of this resolution provoked a very sharp discussion, participated in by Judge Hanington, Rev. Mr. Dicker, Rev. Mr. Cowie, H. O. Tilley, Canon Richardson and others. Judge Hanington took strong ground against the resolution. He contended that it was designed to assist Fredericton young men who were students at the University of New Brunswick. He contended that its passage would be an injury to King's College and would establish a bad precedent. Canon Richardson and Rev. Mr. Cowie pointed out that candidates for the ministry were more plentiful and it was only right that the church should assist deserving young men, even if they were students of an undenominational institution. The resolution was carried by a vote of 34 to 17.

Rev. Canon Forsythe presented the report of the nominating committee, which was adopted. This evening a very successful public meeting was held in the interests of the church missions. The speakers were Miss Elizabeth Scoville, who dwelt upon the work being done in the foreign mission field; Miss A. K. Adams, who spoke on Canadian Missions, and Rev. Mr. Smithers, who spoke of the needs of New Brunswick mission field. The speakers were listened to with the greatest interest.

MOTHER SURVIVED DAUGHTER ONLY A FEW HOURS

Mrs. Clinton Cook Died Saturday and Parent Sunday—Daughter Who Nursed Litter Collapsed and is in a Critical State. Rochester, N. B., July 10.—The death of Mrs. Cook, wife of Capt. Clinton Cook, commander of the steam tug "Springhill," of Parrsboro (N. S.), for many years an honored resident of Rochester, occurred Saturday. An absence of an ear necessitated two operations from which the patient did not rally. The funeral took place yesterday, interment occurring in the family lot in Parrsboro. Rev. F. M. Young, the pastor of the family, officiated, assisted by Rev. B. H. Thomas of Rochester. Among those attending the funeral were Mrs. G. G. Palmer, Robert Cook, Chas. Cole and others. Since the demise of Mrs. Cook her aged mother, Mrs. Cole, wife of the late Wm. Cole, died at Capt. Clinton Cook's residence Sunday, where she had been living with her daughter. The body was brought to Sackville today and interment was in the family lot. What makes the case especially sad is that the daughter, who faithfully waited upon her mother until death came, collapsed and is now in the hands of two physicians and small hopes of her recovery are entertained. Capt. Cook has the sympathy of hosts of friends in St. John, where he is a familiar figure in shipping circles, and in Rochester, as well as in Parrsboro. Capt. Herbert Chambers has taken temporary command of the Springhill during the absence of Capt. Cook.

Why That Weariness?

Nerve force is gone and you feel half dead. Impossible to give strength because your blood is thin and unwholesome. What's to be done? Energy and give the body new elements to build with. You get this in Parotone, which builds and strengthens till they regain their "what nature" and spirit of life. Just think of the enormous stress, strain, and fatigue that you are subjected to in Kingstons. You are subjected to spells of dizziness, for eight months I had weakness and lack of vigor. Often I scarcely get any breakfast and felt miserable all day. Nervous, easily excited, troubled with heart weakness. I was in bad shape. Parotone healed and nourished me back to health in short order. Remember that! Whatever your weakness may be; if it arises from lack of blood tone, from worry, or overwork, Parotone will cure. Price 50 cents per box, at all dealers, or by mail from N. C. Polson & Co., Kingston, Ont., or Hartford, Conn.
