END OF GAME SAVED VISITORS

In one of the best games of the local rugby season, Guelph O.A.C. defeated St. Jerome's College, on Saturday afternoon, at Victoria Park, by a score of 10 to 5.

The "Aggies" got off to a good start in the first quarter, and bucking against their lighter opponents, gained on almost every down. As a result of their superior line work, they scored two touchdowns, which they failed to convert, in this quarter and they led at the end of the first by a margin of 10-0. In the second quarter the green and gold line, played much better and the locals prevented any further scoring on the visitors part and half time found them close to the Guelph line.

In the third quarter, the home team had nearly all the play and some splendid, punting by Holly, netted them three points. In this period the college halves got in some nice work, Ryan and Harrington caught and won the ball well, while Holly's kicking was all that could be desired for distance and accuracy. The period ended 10-3.

The final stanza saw St. Jerome's at their best and with a few breaks they would have overcome their opponents' early lead. At the start Holly kicked to the dead line making the score 10-5 and his team-mates just failed to cross the line on two occasions, due to the

stout opposition provided by the visitors' line. On the whole, it was a good exhibition and if St. Jerome's had resorted to more kicking in the first half, it is doubtful whether the "Aggies" would have piled up such an early lead. Some decisions of the referee, in the second half, did not meet with the approval of the spectators, as he appeared to have only a vague idea of the rules; several times by the way he called on judge of play, Fitzpatrick of Toronto, when one team or the other, disputed his rulings.

MONTREAL THE LEAGUE CHAMP

TIGERS HAD EARLY LEAD BUT THAT WAS ALL. Defeat a Surprise to Followers. Hamilton, Nov. 9.—Hamilton Tigers received the hardest blow of their career when Montreal A. A. A. defeated them here yesterday by 12 to 6 and won the interprovincial rugby championship. The Yellow and Black, with Argos eliminated, were confident of their ability to win the title. During the first period, with the wind against them, they clearly outplayed the visitors, but thereafter the winged wheelers dominated the situation. M. A. A. A. won the game chiefly owing to the wonderful kicking of Jacques and illegal interference used by Tigers. In the last period, the locals

repeatedly surrendered the ball because of interference and Jacques took advantage of the situation to punt for rogues and make victory sure. His work throughout the contest was glib and he undoubtedly deserves the lion's share of the credit. It was the first time since 1907 that M. A. A. A. defeated Tigers on the latter's grounds.

Tigers tore the visiting line to pieces, bucked for big gains almost at will and on the other hand presented a stonewall defense to the attack by M. A. A. Reid was prominent, his good work being one of the features.

GALT RACE MEETS A SUCCESS
Event for the Benefit of Ben Porter. The race meet held at Galt Saturday afternoon at Manchester track and given by Ontario horsemen for the benefit of Ben Porter, the veteran Burlington driver, who is now a cripple with rheumatism, proved a success de-

spite the unfavorable weather, it being cold and windy. A good crowd turned out, many coming from a distance to pay honor to one of the best-known men on the Ontario turf, and with horsemen racing for only their expenses, a neat sum was realized. Mr. Porter, although he is an invalid, was at the meet. Owing to Louie Grattan having failed to arrive from the South, the match race with Roy Grattan had to be called off. The two classes on the card, with half mile heats, provided some of the best races ever witnessed here, with close finishes in every heat.

TORONTO VARSITY ELIMINATED LONDON

Defeated Latter by 15 to 3. London, Nov. 8.—Toronto University eliminated Western University of London from the Intermediate Intercollegiate Rugby Union championship series at Twickenham Park on Saturday afternoon before the largest crowd of the season by 15 points to 3. The Varsity seconds thereby won the round by 26 to 5, as they won the previous game by 11 to 2, a majority in all of 21 points. The game proved a good one to watch since Varsity's team did not seem so much stronger as the score would indicate, as most of the points scored by the team came as the result of mistakes on the London side. The Varsity team, Western's second, managed to gain as much ground on a kicking as Varsity, but the latter's back division played a more secure and dashing game than Western. Without Traynor on Western's backfield to do the kicking all the extra work fell on Capt. Cline's shoulders. He played Western's most brilliant game, unerring many long runs, but he too succumbed in the last period. Carroll, at center half for Varsity, displayed good judgment and kicked

at every opportunity after having learned that Western's backs were not too sure of their coaches. Loose balls and speedy wing men working the blue jackets gained vast territory, saving the Varsity line from using up their strength on backs and plunges.

FORTY-FIRST YEAR

SENATE APPROVES BO PROHIBITION

Two Amendments by Senator Ross Defeated by 12.—Liquor May be Sold for Medical Purposes.

ONTARIO WILL HAVE BONE-DRY

Ottawa, Nov. 11.—The Government's two prohibition bills passed the Upper House of Parliament before the prorogation of Parliament to-day.

The bill to provide for provincial plebiscites on the matter of the importation of liquor came in for the most criticism. An amendment, moved by Senator Ross, of Middleton, N.S., to defer consideration until the next session of Parliament, was negatived on a vote of 18 to 12.

Senator Ross also moved the six months' hiatus for the second Government bill to provide that liquor may not be manufactured for use in contravention of the laws of a province. Senator Ross was strong in his condemnation of the second bill, more particularly the second clause providing for the prosecution of the shipper, He000,000.

SEVERAL WELLS NEAR WILL ALSO BE PUT

Besides a Number at the Plant, Where Air-Conditioned.—Petition For Service From 'East Conditionally.

PROCEEDING WITH BRIDGEPORT

The idea of giving a thorough test to numerous wells by means of an air compressor, as has been done with several at the old plant, was suggested at the meeting of the Water Commission last evening.

There are several wells at or around the plant on Shoemaker Avenue which have not been in use for a long time. For example there is a rock well on Kosh Avenue near the brickyard, besides two other ordinary wells at other points near the old plant. Chairman J. C. Brinkhurst, Commissioners C. Braun and R. Giffon and Mayor Gross thought that by all means a thorough test should be made of these wells in addition to the regular wells at the plant.

Incidentally, it might be said that when Chief Engineer L. Walker last evening was asked whether one of the wells at the plant to which the compressor has been applied is yielding a bigger flow, he replied no. It averages about 172,000 gallons daily.

However, this experience is only incidental in the steps that have been taken to give some of the wells a thorough test.

Aids from transacting the usual business the Commission last evening acted on a petition from the east end of the city for a water service. It was decided to lay a 4-inch main on O'ward Avenue provided the street is graded or otherwise to lay and give a temporary service provided the owners

RETURNED AFTER PLEASANT TRIP

Away Down in Tennessee.

"The most important question before the people is the coal strike. It is a serious situation," Aid. W. V. Utley, former managing editor of the Record, Bargain, when asked about his three weeks' trip to Tennessee from which he has returned. Regarding the attitude of the public in this state towards the strike he said he found that they are not in sympathy with the attitude of the miners.

Interesting it is to note aside from the merits or demerits of the strike, or the reasons for the same, is the fact that expert miners get a minimum of \$12 a day, some even as much as \$18; unskilled get \$6 a day.

In regard to the prohibition question, Aid. Utley was informed that there are many blind pigs in the State, to one district, within a radius of five miles, he was informed, there are no less than twenty-five illicit stills. Opinion in the State on the permanency or non-permanency of a stringent prohibitory legislation is divided.

During the period of the sojourn in the southern state, Aid. Utley found the climate and atmosphere congenial and beneficial. Daily mountain climbing was enjoyed, as was also some golf.

Aid. Utley was accompanied by his family and by Mr. and Mrs. J. Walter, who also have returned home.

NINE-YEAR GIRL SHOT BECAUSE SHE DIDN'T MOVE

TORONTO, Nov. 11.—Because little Florence Taylor, aged nine, wouldn't move away from a Yonge Street shooting gallery, Thomas Cresswell fired at her twice with a 22-calibre rifle, the second shot hitting the child just below the left eye, and travelling back to the ear.

Friends of the little girl took her to her home at 284 Victoria Street, and afterward to the Hospital for Sick Children, where the bullet was extracted and the wound dressed.
