Indian Office

Decub ont 28 March 1900

Herewith I enclose you a resolution
passed at a General Council of the
Mohawks of the Thames recommending
a resurvey of the roads on the reserve
and I fail to see much use in grant-
ing this petition as it is just as
necessary to trace all the lands
resurveyed as the roads, as very
few of them know the bounds
of their land. However if you think
it advisable you will please
grant this petition

Your obedient servant
