

be necessary to revive existing treaty with Portugal. Treaty with Portugal had been arranged in 1703 with the Sultan. It was as follows: by the treaty the Sultan gave fully free access into Portugal, while Portuguese mine was given full terms in the Sultan's land. The place of the mines in the Sultan's land was an arrangement in fact as it was believed there was regularly a small balance for the Sultan. Though only a small to in itself there was a great outcry against accepting it for a larger to in the balance might be unfavorable to the Sultan.

France in this struggle had got its first great fall in the long war, the decisive battle, however, was still to come.
