HAROLD MAYNE DALY, Q.C.
OTTAWA, CANADA

June 16th. 1958

My dear Arthur

Hope you are having a Happy Birthday and that you will get a Conservative government in Manitoba as a birthday present, that is the least they can do for you.

Sir Thomas White once told me to outlive my enemies instead of hating them. You must have outlived all of yours and it is a pleasant feeling. King is forgotten, Macmillan mentioned him in his speech last week and there was not a sound. I hear that the first volume of the official memoirs will be out this autumn and that that will be all, as the money has run out, it only goes up to his entry into politics and that is a good place to leave it if they are going to tell the truth.

Best regards

Harold
