Ottawa 14th October, 1905.

Sir,

With reference to your letter of the 10th instant, regard the case of the Indian Joseph Walkhouse, who is reported to be in need of hospital treatment for his eyes, I beg to say that you may make arrangements to have him sent to a hospital where his case can have proper attention. No unnecessary expense should be incurred. You should have given more definite information when reporting as to what hospital you would suggest sending him to and the probable cost.

Your obedient servant.

Asst Secretary.
