Director of Air Services,  
Department of Transport,  
Ottawa, Ontario.

Attention: Superintendent, Air Regulations.

- Reference is made to Headquarters' letter AC-5-96 dated June 27th, 1950 in connection with the above noted aircraft.
- It is desired to advise that as a result of a communication from this office to the owner of the above noted aircraft the following information has been received as a foot note to our original communication: "This plane is at Meadow Lake, but is wrecked beyond repair. It will never fly again. We have no certificates. "F. M. Clark."
- It would, therefore, appear satisfactory to assume that the aircraft is a definite write-off and should be deleted from the registry.
- Submitted.
