

Half of our town is lying in ruins,
And our buildings are badly smashed.
But President Wilson says to build them up again
And they will send over the cash.

Here's to that good old Union Jack,
And to the Allies that are it's defenders,
We thank the Star Spangled Banner
For the help that they rendered.

The Union Jack and Stars and Stripes,
I pray will always wave together,
God bless them both for evermore,
And our Maple Leaf Forever.
