

Sunday School Library Books at Half Price

IN looking over our stock we find a number of excellent books which have become more or less soiled in the handling, but which are for library purposes as good as new. In order to clear out this stock and give our schools the advantage of bargain prices, we have decided to sell them off at a discount of 50 per cent. off the original prices. Now is the time to replenish the library shelves at a small cost. We will make up a selection and send on approval if you are prepared to make a purchase.

When ordering send in list of the books now in your library, so that we may avoid duplicating; also state what grade of readers you want books for and the amount you desire to spend, and we will send on approval a carefully chosen and well assorted selection of these books. Our stock of this class of books is not very large, and if you are looking for good value at special prices, order now.

Remember our Discount is 50 per cent.; carriage paid by customer.
