

Take Good Care Of The Colts

It's cheaper to raise colts than to buy horses. But it's costly if you lose the colts. Keep a bottle of Kendall's Spavin Cure handy. For thirty-five years has proved it the safe, reliable remedy for spavin, splint, curb, ringbone, bony growths and lameness from many causes.

Kendall's Spavin Cure

is sold by druggists everywhere at \$1 a bottle, 6 bottles for \$5. Get a free copy of our book "A Treatise on the Horse" at your druggist's or write to

Bone Spavin

No matter how old the blemish, how lame the horse, or how many doctors have tried and failed, use

Fleming's

Spavin and Ringbone Paste
Use it under our guarantee—your money refunded if it doesn't make the horse go sound. Most cases cured by a single 45-minute application—occasionally two required. Cures Bone Spavin, Ringbone and Sidebone, new and old cases alike. Write for detailed information and a free copy of

Fleming's Vest-Pocket Veterinary Adviser
Ninety-six pages, durably bound, indexed and illustrated. Covers over one hundred veterinary subjects. Read this book before you treat any kind of lameness in horses.

Questions and Answers.

Miscellaneous.

Cement for Wall.

How much gravel and cement will be required for a wall 8 inches thick, 60 feet long and 3 feet high, mixing in the proportion of one to six?

2. How many cubic feet of gravel does an ordinary gravel box hold?

M. M.

Ans.—1 It will require about 5 cubic yards of gravel and 5 barrels of cement.

2. A gravel box is reckoned to hold one cubic yard of gravel, or 27 cubic feet; the dimensions being 9 by 3 by 1. Very often the box is more than 3 feet wide and a few inches are cut off either the depth or the length in order to make it the even cubic yards.

Veterinary.

Kidney Trouble.

I have a horse suffering from kidney trouble. What treatment would you advise?

Z. G.

Ans.—The kidneys are subject to many diseases, each of which requires special treatment. In order to be able to prescribe it is necessary to have details of symptoms.

V.

Apoplexy.

Pigs 2 months old when commencing to eat will choke and fall over and stiffen up. They soon revive and eat, but not greedily. One died.

R. J. G.

Ans.—This is apoplexy, caused by high feeding and want of exercise. Purge each with 1 oz. raw linseed oil or Epsom salts. Feed on milk, shorts and raw roots and see that they get daily exercise.

V.

Enlarged Glands.

Horse has lumps on the sides of his throat, which occurred as a sequel to distemper.

F. P. G.

Ans.—Get an ointment made of 2 drams each of iodine and iodide of potassium mixed with 2 ozs. vaseline, and rub a little well into the lumps with smart friction once daily. You will not likely observe quick results, but have patience and you will probably be able to reduce them in time.

V.

Eczema.

Three-year-old colt has some skin disease around the neck. Pimples form and when scab is removed a mattery substance is apparent.

W. P. G. N.

Ans.—This is eczema. Purge her with 7 drams aloes and 2 drams ginger. Follow up with 1 oz. Fowler's Solution of arsenic twice daily for a week. Dress the parts twice daily with a warm 5 per cent. solution of one of the coal tar antiseptics. Keep comfortable and warm until thoroughly dry after each dressing.

V.

Infectious Aphtha.

My sheep have sore mouths. Their lips are swollen and there are some raw surfaces. They cannot eat or drink well.

L. W. Y.

Ans.—This is an infectious form of aphtha. Remove the non-infected to non-infected quarters. Make a solution of alum 1 oz. to a pint of warm water and dress the lips and mouth with it 3 times daily. If there be any ulcers which refuse to heal, apply with a feather once daily for 2 or 3 days a little of equal parts of butter of antimony and tincture of myrrh.

V.

Infectious Ophthalmia.

Many of my sheep both young and old have sore eyes. The eye-ball is coated with a whitish scum, others have only a small white spot.

C. D.

Ans.—This is an infectious form of ophthalmia, most cases recover, but in some cases blindness results. Remove the non-infected to non-infected quarters. Give each patient a laxative of 2 to 6 oz. Epsom salts, according to size. Keep in comfortable quarters excluded from draft and strong sunlight. Get a lotion made of 10 grains sulphate of zinc, 20 drops fluid extract of belladonna and 2 oz. distilled water. Bathe the eyes well three times daily with hot water, and after bathing put a few drops of the lotion into each.
