

Hamilton Business College

Corner of King and James Street's, HAMILTON, ONT.

"It affords me great pleasure to testify to the efficiency of the Hamilton Business College, having completed the course of study there. I can state that the instruction is practical in every respect. I found the teachers both able and anxious to assist the students, and zealous to do all in their power to make the time of their pupils both profitable and pleasant."

BAIN WAGON CO.'S FARM TRUCK

This cut represents the most convenient Wagon ever put on a farm, because it is suitable for all kinds of work, and always ready, no changes being necessary. This Wagon was invented and first introduced in Michigan, U. S., and is now very extensively used by leading farmers in the United States. And every Wagon made and sold by us in Canada is giving entire satisfaction. For further particulars and prices

Address BAIN WAGON CO., Woodstock, Ont.

COGENT REASONS WHY

— THE —

Adopted by the Government of the Dominion of Canada as the STANDARD WAGON, should command your preference:

The intrinsic cost and value of it is at least \$10 more than any other wagon made in Canada, and any unprejudiced practical man will tell you so, and the thousands who now have them in use say so, because it is not only made from the best, carefully selected and thoroughly seasoned timber and best of iron, but the **skelins** used, made only by us, are superior to any skelins made or used in Canada, and are constructed specially to receive our **Climax Truss Rod**, which doubles the strength of the axle; the boxing of the hubs are **pressed**, not wedged in, a guarantee for a year accompanies each wagon, and notwithstanding this additional cost and superiority, the **Chatham Wagon** can be purchased at no greater price than is charged for inferior wagons. **Bear in mind** it is the running gear that carries the load, and no amount of fancy painting on the box will make an easy running and great carrier of a poorly constructed wagon.
