R. CASE, Registered U.S. Patent Attorney,
TEMPLE BUILDING, TORONTO.
Patents and Drawing Sheet on request.

When Writing Mention The Ad-

Proper Lubrication

For gasolene and kerosene engines

Standard Gas Engine Oil

Is the only oil you need. It provides perfect lubrication under high temperatures without appreciable carbon deposits on rings or cylinders, and is equally good for the external bearings.

Steam Traction Engines and Steam Plants

Capitol Cylinder Oil delivers more power, and makes the engine run better and longer with less wear and tear, because its friction-reducing properties are exactly fitted to the requirements of steam traction engines and steam plants.

Traction Engines, Wagons, Etc.

Mica Axle Grease makes the wheel as nearly frictionless as possible and reduces the wear on axle and box. It ends axle troubles, saves energy in the horse, and when used on axles of traction engines economizes fuel and power.

Plows, Harrows, Drills

Granite Harvester Oil insures better work from the new machine and lengthens the life of the old. Wherever bearings are loose or boxes worn it takes up the play and acts like a cushion. Changes of weather do not affect it.

Every dealer everywhere. If not at yours, write for descriptive circulars to

The Imperial Oil Company, Limited
Ontario Agents: **The Queen City Oil Co., Ltd.**

IDEAL GASOLINE ENGINES

1 1/2 TO 40 HORSE-POWER.
