

By co-operating, you and your neighbor farmers can save the miller's profit on your flour and feed and at the same time add materially to your incomes.

Grind your own flour and eat the wheat you grow

There will be no more loss of time, no waste of money in freight bills, nor any of the other numerous milling troubles, when you are the owner of a

MIDGET FLOUR ROLLER MILL

The Midget is a self-contained flour mill that can be installed in almost any building. You can run it single-handed, without any previous experience and without interfering with your other farming duties.

A Midget Mill will grind wheat, rye, barley or buckwheat with as good results as any of the larger mills and at the rate of a barrel an hour. By forming a partnership with your neighbors, you can employ a man to run the mill, (and a

milling business of your own that will earn for you a substantial profit and be quickly built up.

Reliable, durable, easy to operate and inexpensive to run, the Midget Mill is capable of earning more money than the average farm. If you would increase your profits, investigate this interesting proposition at once.
