Accounts may be opened in the names of two or more persons, and withdrawals made by any one of the number or by the survivor. Every account receives careful attention.

# SMALL FARMS IN BRITISH COLUMBIA

The Great Stillwell Trophy, awarded the best collection of potatoes grown in America, at Madison Square Garden, New York City, has just been won by this province.

This is conclusive evidence that British Columbia is a splendid field for truck gardening. Good prices are obtained. The climate is ideal.

Poultry raising, too, is yielding big returns. Much of this product is imported and even after the payment of duty a handsome profit is made.

Very little cash is needed to establish yourself on one of our poultry or truck garden farms at Cloverdale. You can buy from one acre up, on easy terms. Transportation facilities for marketing produce are excellent. Write today for full particulars, maps, etc.

# SHERWIN-WILLIAMS PAINTS & VARNISHES

Why is more SWP—Sherwin-Williams Paint, Prepared—used every year than any other brand of paint? Because for forty years satisfied customers have known that they get better value in protection, appearance and durability from SWP than from any other paint, hand-mixed or machine made. Covers most, looks best, wears longest. For SWP go to the local Sherwin-Williams Agent.

## Don't Let Gophers Rob You This Year

The gophers and squirrels are now sleeping and dreaming of what great feasts they will have as soon as you start your spring seeding. As soon as the snow disappears, they will wake up from their long sleep and join together for the big feast of grain that the farmer will be spreading and which he believes will produce bounteous crops for him. The gophers did it last year and the year before and they can't figure out any reason why they won't be able to do it again. Yet the whole matter is in your hands, Mr. Farmer. Are you going to stand a loss of \$3.0 every 80 acres, or are you going to prevent this loss?

## 1c PER ACRE KILLS THEM

I want to prove it to you—I want to show you how a 75c box of Kill-Em-Quick—my gopher poison—will kill every gopher on an 80-acre farm—how a \$1.25 box will kill them all on a 160-acre farm. Is it worth while to you to at least investigate and get the facts? Let me prove to you that every gopher on your farm costs you 10c—that there are about a thousand gophers on a 40-acre field—that in 40 acres the gophers will eat and store away hundreds of bushels of grain. Why not get a package of

### MICKELSON'S KILL-EM-QUICK GOPHER POISON

from your druggist right away? Have it on hand ready. It is easy to use. The first day you see any signs of a gopher mix a little Kill-Em-Quick, carry it out in the field and put it wherever you know a gopher has been. Go back in a few minutes and if the gopher remained around there you will find him dead.

Mickelson's Kill-Em-Quick has a very peculiar odor and a very attractive taste to gophers. It draws them like a magnet and they eat it greedily. One single poisoned grain is enough to kill a gopher. It is the most economical and the quickest acting gopher poison ever placed on the market. It also kills pocket-gophers, field mice and squirrels.

I know what it has done thousands of times on thousands of farms throughout the country. That is why I can absolutely guarantee it to give positive and perfect satisfaction to you, or I, personally, will refund every cent of your money. Go to your druggist. It will even pay you to make a special trip. Get a package of Kill-Em-Quick. If he won't supply you, send me his name with your order and I'll ship direct, postage prepaid—and with my guarantee of satisfaction or money back.

### WRITE ME A POSTAL OR LETTER

I have made a special study of gophers and I want to tell you some of the things I've learned about them. I want to tell you personally how you can rid your farm of them. But if you follow the simple directions given on every package of Kill-Em-Quick you will find it an easy matter to kill every gopher on your farm. Tell me whether you have gophers, squirrels, prairie dogs, field mice, rats or pocket-gophers to contend with. I will tell you the best way to use Kill-Em-Quick. Write me now, and in the meantime go to your druggist and get a package of Mickelson's Kill-Em-Quick. Don't take anything else. Nothing else on the market will do the work as quickly or as cheaply. Address me personally—
