THE great and decided success which has attended this Institution has induced the Directors to REDUCE the RATES originally required in British North America to the ordinary portant benefits of Life Assurance at much lower rates of Premium than those of any other Assu-rance Company transacting business in Canada. The Directors have also resolved to extend to British North America the advantages aflorded by the HALF CREDIT RATES of PREMIUM which have been so highly approved and are so remerally adopted by Policy Holders in the United Kingdom. The most liberal conditions are like-wise offered to the Assured an the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies. The Forest Wine is altogether a different article. It contains no Syrups to give it consistency, but acquires the excelent flavor and powerful me-dicinal qualities from the vegetable plants of which it is composed. The Forest Wine combines the virtues of the
