Dr. Vogt, the well-known leader of the Mendelssohn Choir, Toronto, and one of the greatest musical experts on the Continent, writing to a friend in Brantford in reference to the value of band music for recruiting, very pertinently says: "It has been found that a great mistake was made in the earlier months of this terrible conflict in sending regiments to the front without a reasonable musical equipment at the back of them. I presume it was generally believed that the war would be a short, grim and decisive business, and that every detail should count as a fighting factor, forgetting that the physical condition of the men depends so much on the proper regard for their mental needs. Music, therefore, is entering more largely into the matter of the equipment of regiments going to the front than ever before. The men simply cannot do without it."

HAVE PURE BLOOD

Hood's Sarsaparilla Makes Rich, Red Blood.

Your heart works night and day without a pause. It is the principal organ of the circulation of your blood. It is of the utmost importance that it should do its work well. The purity and quality of your blood have much to do with its action. If this fluid is pure and abundant, your heart and other vital organs act with more energy than when it is defective in quality or deficient in quantity.

Hood's Sarsaparilla makes the blood pure and abundant. It is the one old reliable medicine, that has been sold for forty years, for purifying the blood. There is no better blood remedy, appetizer, stomach tonic or nerve builder. From the very first dose of Hood's Sarsaparilla, improvement is noticeable. Be sure your druggist gives you Hood's, for nothing else can possibly benefit you as much and nothing else can take its place. Get it today.
